Registration Priority FAQs

- **Fall 2015 Alpha breakdown order:** M-Q, R-Z, A-E, F-L
- **How is my registration DAY determined?**
The day you register is determined by your number of **registration credits**, which is the total of **credits already earned + current semester enrolled credits**. See boxes above for details.
- **How is my registration TIME determined within my day?**
The highest **class code*** within a day will be assigned the earlier times. Within that class code, the alphabetic grouping is then given priority. Within the alphabetic grouping the assignments are randomly generated.
*Class code is based on earned credits and does not include your current spring 2015 registration credits.

Course Selection Requirements & Responsibilities

No student will be permitted to enroll in courses unless all **prerequisites**, **concurrent prerequisites** and **class standing requirements** have been satisfactorily fulfilled. Students who register for courses and do **NOT** meet all course requirements may be dropped from the course with or without notice. Course prerequisites are listed in the schedule at the end of this booklet. Additional information can be found in the *Registration Information & Regulations and Academic & Curriculum Information* sections of this booklet.
If you have questions, please consult your advisor if you are a first-year student. Otherwise, consult Academic Services.

Student Responsibilities & Rights

Academic Responsibilities

Students are responsible for understanding all institutional policies, procedures, and requirements. These include, but are not limited to, degree and major course requirements, course prerequisite requirements, minimum residency and honors requirements, and Bentley University's grading and course repeat policies. Students who fail to comply with these policies, procedures and requirements do so at their own risk. The Degree Audit Summary (DAS) or the Degree Requirement Summary (DRS) is provided to you to be used as a guideline for your major requirements. Each student shares the responsibility for the accuracy of his or her DAS or DRS. A *DAS Discrepancy Form* is available from the Registrar's Office to report any inaccuracies.

Students are responsible for managing their schedules. You are expected to know the appropriate deadlines and the impact on your semester schedule, your degree requirements, and your student financial account if you fail to meet the appropriate deadlines. When adding or dropping any course in Banner Web, you must **submit your changes** before exiting the form. Make sure to go back into your schedule and scroll to the bottom to view any errors and make sure all the courses are listed. Any mistakes made in Banner Web are your responsibility. Be sure to check any registration changes by viewing your revised schedule.

Code for Ethical Computer Use

All members of the Bentley community make use of computers in the pursuit of their primary endeavors at Bentley University.

Such use must be performed in a legal context that ensures that the use of these resources fosters the achievement of the individual user's goals, consistent with Bentley University's educational and research objectives.

This context requires that computing resources not be abused, wasted, or employed in such a way as to interfere with, or cause harm or damage to, another person, institution, or company, within or outside the Bentley community. All members of the community are obliged to act responsibly in the use of computer hardware and software, data, and computer outputs.

The use of computing resources must be in compliance with state and federal laws and Bentley University policies (e.g., sexual harassment, discrimination, etc.).

All members of the Bentley community are responsible for understanding the full policy and its implications. For detailed information, please refer to the postings in any computer lab or in the Student Handbook available on the web at www.bentley.edu/computing-use/index.cfm.

Course Cancellations, Schedule Revisions, Instructor Changes

Bentley University reserves the right to cancel courses or to reschedule courses in which registration is below an acceptable minimum. Bentley University makes every effort to inform students already registered of such changes. The faculty names listed in the registration information are tentative and subject to change. Bentley University does not guarantee choice of individual instructors.

Bentley University Policy regarding Family Educational Rights and Privacy Act (FERPA)

This policy is issued in compliance with the regulations established by the Department of Education, 20 C.F.R. Part 99.6, for the University's implementation of the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, also known as FERPA. This policy is also guided by the laws in the Commonwealth of Massachusetts concerning privacy. The University has established strong policy guidelines that support its adherence to the FERPA and protect the rights of students, except under certain circumstances stated in the statute and its regulations and as noted below.

Notice:

Students and Parents receive notice of FERPA and their rights under FERPA through the electronic publication of the Student Handbook each academic year currently located at: www.bentley.edu/shandbook/index.cfm

Student Responsibilities & Rights (continued)

Access/Amendment To Educational Records:

Students and eligible parents have the right to access to the student's educational records upon written request to the Office of Student Affairs. An exception to this policy is made for requests from students or others for transcripts and degree information which may be made directly to the Office of the Registrar. Requests for disclosure of educational records may be made by electronic signature when available. Each Department/Division of the University will determine if it will assess fees for copies of an educational record or transmission of an educational record to another party. All requests for changes to a student's educational record must be made in writing to the Dean of Student Affairs.

Location of Educational Records:

Educational records may be kept by the Registrar, each Committee, Board and Department of the University, and by faculty and staff of the University in paper or electronic form.

Directory Information:

Unless otherwise requested by the student, Bentley University (Information Desk, Registrar's Office, deans' offices, etc.) may release to the public student data considered "directory information." If a student desires that directory information not be released, it is his or her responsibility to notify the Registrar's Office in writing. Please note that students do not have the flexibility of choosing to release or not release particular items defined as directory information.

Bentley University will not sell or give directory information for commercial purposes to external vendors who are not affiliated with the institution. Bentley University may use all student data for its official operations of any student organizations or other university-sponsored functions. Directory information, as defined by the Family Educational Rights and Privacy Act of 1974, includes the following information relating to a student: name, address, e-mail address, telephone number, date and place of birth, class, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, academic honors, degrees and awards received, and the most recent previous educational agency or institution attended.

Disclosure Without Consent

Statutory Exceptions:

The Statute provides that under a number of circumstances, the University will disclose educational record information to other person/entities without seeking prior consent or notice to a student or eligible parent. Such examples include but are not limited to: grand jury subpoenas, accrediting organizations, requests in connection with a student's application for financial aid, requests from state or local police/court authorities, and disclosure to other Bentley University personnel who "have legitimate educational interests" in the information and records.

University personnel includes the officers and directors of the University, all members of the University administration, faculty, staff, persons serving on judicial, promotion and academic boards and committees, and any professional providing assistance to the University (such as lawyers, accountants, law enforcement personnel, medical personnel).

The University has determined that there are certain persons who have the right to review a student's educational records and personally identifiable information in every case: Officers of the University, Provost and the Deans. Other Bentley University personnel will have access to educational records and personally identifiable information in circumstances where the Vice President of Student Affairs, or their designee, concludes based upon the information available to them at the time of the decision, that the disclosure of the records and/or information will assist the University in making decisions concerning a student's academic status or standing at the University or the health, safety or well-being of a student or other members of the University community.

The vice president for Student Affairs or their designee reserves the right to contact parents of a dependent student when it has been determined that the student's success is at risk. Students have the right to file a complaint with the Family Educational Rights and Privacy Office concerning any alleged failure on the part of Bentley University to comply with the Family Educational Rights and Privacy Act of 1974.

Drug and Alcohol Violations:

The University may inform parents or legal guardians of a student under the age of 21 of the student's violation of federal state and local laws and University rules and regulations concerning drug and alcohol use and possession.

Student Responsibilities & Rights (continued)

Health and Safety Emergencies:

The University may disclose educational records and personally identifiable information to members of the Bentley community, professionals assisting the University and law enforcement personnel when it determines, based upon the information available at the time, that there is a health and safety emergency and that the disclosure will aid the University in protecting the health and safety of the University community or a student

Results of Disciplinary Proceedings:

The University informs victims of any crime of violence or non-forcible sex offense of the final results of a disciplinary proceeding and the action taken against the perpetrator student when the proceeding finds a violation.

Nondiscrimination

Bentley University does not discriminate in admission or access to, or treatment or employment in, any of its educational programs or activities including scholarships, loans, and athletics, on the basis of race, color, sex, marital or parental status, age, national or ethnic origin, religion, handicap or disability. Bentley University complies with Title VI of the Civil Rights Act, Title IX of the Education Amendments, Section 504 of the Rehabilitation Act and Revenue Procedure 75-50 prohibiting such discrimination. Anyone believing that he or she has experienced adverse treatment may register a complaint with Earl Avery, Special Assistant to the President, at 781-891-2907.

Student Financial Services Billing and Collection Policies

Student Financial Services is responsible for billing and collecting fees for tuition, housing, meal plans, health insurance, computers, parking violations and any other applicable fees. Please refer to http://www.bentley.edu/sfs/bill_due_date.cfm#Dayn for a schedule of payment dates.

Our goal is to work with students and parents to resolve outstanding balances. We understand that students and their families may experience financial difficulties and it is important for those types of issues to be communicated to our office at an early stage. Bentley University offers payment plans to assist with the budgeting of the cost of education. However, those plans are only available to students prior to the due date of their bill.

We URGE students and/or parents to contact our office prior to the due date of the bill to discuss any financial concerns that they may have. The earlier the issue is discussed, the more tools we have to assist students in resolving the situation.

Bentley University recognizes that employers may pay university fees on behalf of students/employees. These agreements are made between the student and their employer and are not contractual agreements with the university. We do not bill companies/employers for student tuition unless we receive a purchase order that states the company will pay upon receipt of the Bentley University bill.

We are unable to process foreign checks in amounts less than \$250.

If the balance is not resolved by the due date, a **financial hold** will be placed on the account. This financial hold will prevent students from registering for classes, changing their course schedule, participating in the housing lottery or senior week activities and from obtaining transcripts. If applicable, the student may also be required to move out of housing.

Also, accounts with unresolved balances are subject to late payment fees of \$100.00 each.

If a balance remains unpaid, the account will be assigned to the Bentley University Collection Department. If an acceptable payment arrangement cannot be reached, the account will be assigned to a collection agency. There are several consequences that accompany that action:

- 1) The account will be reported in a default/collection agency status to the credit bureau. This may prevent the student from obtaining credit in the future.
- 2) The student will be assessed collection fees between 25% and 50% and possible legal fees in addition to the outstanding balance owed to Bentley University.
- 3) Any future classes that the student plans on taking at Bentley University must be prepaid (in full) via certified funds

DIVERSITY, INTERNATIONAL, & COMMUNICATION INTENSIVE FOCUS COURSE REQUIREMENTS

Before graduating, all Bentley students matriculating on or after Fall semester 1999 must satisfy the *Special Focus Course Requirements* by selecting courses from a list of approved courses that have diversity, international studies, and communications-intensive material as their focus. In order to graduate students are required to take and pass:

- one 3-credit diversity-focused course,
- one 3-credit international-focused course, &
- two 3-credit communication-intensive courses, one in the major and one outside the major course of study.

Courses that satisfy the communication-intensive, diversity and international focus requirement are printed in the *Course Schedule* section of this booklet and are designated with *C*, *D*, and/or *I* in the focus section for each course and are available online at my.bentley.edu. Select the course listing tab at the top.

Transfer students entering Bentley with 30 or more transfer credits are waived from these course focus requirements.

Service-Learning Courses

A number of courses offered each semester provide a service-learning project. Some projects are required and some are not.

“Embedded” service-learning courses - If a course is designated “embedded,” the service-learning project may be required or all students within the course (listed simply as *Embedded Service-Learning* under prerequisites) or may be offered as one of several assignment from which the instructor allows students to choose (listed as *Embedded Service-Learning Optional*). In both instances, however, the project is considered as one of the regular class deliverables, requiring no more or less work than is required in any 3-credit course.

“4th-Credit Option” service-learning courses—If a course is designated “4th-credit,” the service-learning project is optional. Students who choose to undertake a 4th-credit project agree to assume approximately 30 hours of additional course work over and above the work required of students in the class who do not opt for the 4th-credit. The additional work includes service and related academic content.
