IMPORTANT LAWS

TITLE IX OF THE HIGHER EDUCATION AMENDMENTS OF 1972
AS AMENDED BY PUBLIC LAW 93-568

Bentley University provides this notice of its intent to comply with the regulations established to effectuate Title IX of the Higher Education Amendments of 1972 as amended by Public Law 93-568. It is our intention to adhere to the letter and spirit of the law with a policy of nondiscrimination on the basis of sex, gender, gender-identity, and sexual orientation. This policy applies to our education program and activities and extends to employees therein and to admission thereto, unless excepted under subpart C86.15(a). Any complaints concerning Title IX should be brought to the attention of Erin Kelley, Director, Student Conduct and Development/Title IX Coordinator at 781.891.2161.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974
(Buckley Amendment)

According to the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), individual students have the right to review all official educational records, files and data related to them and the right to challenge the accuracy of the contents of such records. Furthermore, the act prohibits colleges and universities from releasing personally identifiable information, other than “directory information,” about students without their written consent, except as allowed by law. For detailed information regarding a student’s rights under this law and the procedures involved in obtaining access to official records, please contact the vice president for student affairs. Unless otherwise requested by the student in writing, Bentley University may release to the public student data considered “directory information.” If a student desires that directory information not be released, it is his or her responsibility to notify the Office of the Registrar in writing. Please note that students do not have the flexibility of choosing to release or not release particular items defined as “directory information.”

VOTER REGISTRATION ACT
(Massachusetts General Laws, Chapter 51, Sect. 42E)

The law requires all public and independent colleges, universities, high schools and vocational schools to make available affidavits of voter registration forms wherever students register for classes. Massachusetts residents will find such forms in the Office of the Registrar, in the Rauch Administration Center. Students who wish to register in another state may not use these forms. Out-of-state students who want to vote in their home state must use either a mail-in form supplied by an election official in the home state or the federal mail-in affidavit of voter registration. The latter may be obtained by writing or calling the Massachusetts Elections Division, Room 1705, McCormack Building, One Ashburton Place, Boston, MA 02108; 617.727.2828 or 800.462.8683.

DRUG-FREE SCHOOLS AND COMMUNITIES ACT AMENDMENTS OF 1989,
Public Law 101-226

In compliance with the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, Bentley University has adopted and implemented programs to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees.

It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgment stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post-secondary education shall file, at least annually, a report with the board of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. FROM THE VICE PRESIDENT OF STUDENT AFFAIRS

Dear Students:

Bentley is a community of students, faculty and staff who are committed to learning. To create the best environment for learning to occur, we as a community embrace the BENTLEY CORE VALUES to guide our conduct. This handbook enumerates, in great detail, how we as a community live out these values on a daily basis. It outlines the resources and opportunities provided to all students as well as the policies and procedures students are expected to follow. I encourage you to use this handbook as a resource during your time at Bentley.

As members of the Bentley community, we all have excellent resources available to us, from outstanding faculty, staff and students, to exceptional facilities and programs. It is important to understand the responsibilities that come with these resources. The handbook outlines responsibilities and expectations for how we treat each other, our facilities and ourselves. Our expectations are exceptionally high, both inside and outside of the classroom. By living out the BENTLEY CORE VALUES, your time at Bentley can be safe, secure and successful. The policies and procedures outlined in this handbook have been developed over time with input from all members of the Bentley community, including students.

Please feel free to make comments and suggestions. The Student Government Association and the Graduate Student Association provide students with a great venue to make suggestions and be involved. If you have any questions about the handbook or if I can be of assistance, please contact me at 781.891.2299.

Sincerely,

J. Andrew Shepardson
Vice President for Student Affairs and Dean of Students
THE BENTLEY CORE VALUES

Bentley is a community of students, faculty and staff who are committed to learning. To create the best environment for learning to occur, we as a community embrace these core values to guide our conduct:

CARING

We practice understanding, compassion and kindness. We recognize the whole person and their wellbeing, and we think beyond ourselves and our immediate goals to consider the impact our actions have on other people.

COLLABORATION

We welcome new perspectives as we work with others toward a common goal. We seek out opportunities for partnership and teamwork, readily sharing our knowledge and expertise with others.

DIVERSITY

We are all different and that makes our community stronger. We embrace and seek to understand those with different beliefs, backgrounds and life experiences. We celebrate those differences as opportunities to learn and grow. We protect and affirm the right of all people to be themselves.

HONESTY

We act with honesty and integrity in our academic, personal and professional affairs. We are dedicated to ethical and transparent behavior, and we hold ourselves accountable for our words and actions.

IMPACT

We recognize our potential to make a difference. We use the power of business and innovation to positively impact individuals, organizations and the communities we serve at home and abroad.

LEARNING

We are here to learn and develop. We are passionate about knowledge and want to continue to learn throughout our lives. We are eager and willing to try new experiences and ways of thinking. We appreciate that much of our learning will occur by interacting with others, inside and outside of the classroom.

RESPECT

We treat others as they would like to be treated. We recognize the inherent dignity and worth of all members of our community and strive to better understand and appreciate everyone. We are committed to keeping our community free of vandalism, hate speech, violence and harassment.
THE BENTLEY CORE VALUES IN ACTION

In our community, students, staff and faculty enact the Bentley Core Values in our words and actions daily.

Here are some examples of how you may see the Bentley Core Values in action:

- A student turns down the music they are playing when their roommate comes home and needs a quiet place to study.
- Students promote their growth and citizenship through engaging with Bentley’s Center for Service Learning and Civic Engagement, and through other activities like Love Your Melon and Habitat for Humanity.
- Students challenge themselves to take classes that will develop their skills and knowledge rather than classes that seem like an “easy A.”
- The Campus Activities Board looks out for their peers by providing food, snacks and water before, during and after their events.
- Student clubs and organizations work to make sure that any member of the community feels welcome and included at their events.
- Students recognize that wherever they are—on or off-campus, during the school year or over breaks—that they are a representative of Bentley University, and act as positive ambassador for our community.
- Students will hold each other accountable to do their best work, and to provide accurate and original work in group projects and presentations.
- A student seeks out a faculty or staff member to help a friend going through a difficult time.
- A student asks for help for themselves when they need, whether academic or otherwise.
- A student wants to better understand the experiences of others, so they participate in opportunities like intergroup dialogue, study abroad, or attending a Bentley Brave event.
DISCLAIMER
The Bentley University trustees reserve the right to modify or amend curricula, and change or modify aspects of university operations, as well as increase tuition and other charges without notice. Policies and regulations may be amended from time to time by action of the responsible bodies or persons without notice. The information contained in this student handbook was complete and accurate as of August 2019. Changes will be sent directly to students via e-mail and will be posted in the ONLINE STUDENT HANDBOOK. This handbook is not intended to be a contract between the university and its students.

PHOTOGRAPHY
Being a Bentley student means being part of a vibrant community in which many activities and events are constantly taking place. In order to capture the spirit of Bentley’s students and the many opportunities for involvement present on Bentley’s campus, Bentley frequently captures still photographs and video throughout campus and the many other places where Bentley students study, work, and recreate. As a Bentley student you agree that Bentley may capture and use your image in its communications, online or in print.

Specifically, you agree to the following:

I grant Bentley University (a) permission to capture my image in any media, including but not limited to photography, video and/or film, in public, in campus settings, or wherever Bentley University business is taking place and (b) the irrevocable right to use such images in any manner or media for university purposes, including but not limited to publicity and marketing. I hereby unconditionally release Bentley University and its employees and representatives from any and all liabilities, claims, and demands whatsoever, in law or equity, whether known or unknown, which I (or my heirs, assigns and/or representatives) ever had, now have, or in the future may have relating to the uses described herein.
SAFETY & SECURITY

Members of the University Police are here 24 hours per day, 7 days per week to provide a safe and secure living, learning and working environment for the students, staff, faculty and guests of the university. They are sworn law enforcement officers and are available to assist with any and all safety concerns on campus. Even with full time police on campus, safety and security violations compromise and jeopardize the safety of other members of the campus community. Such violations include, but are not limited to: pulled fire alarms, tampering with fire safety equipment (including smoke detectors), failing to evacuate during a fire alarm and providing false identification. Bentley is not responsible for the loss, theft and/or destruction of student property, including motor vehicles. Therefore, students should have personal property insurance to cover loss of valuables from possible theft, flood and fire. Students should check their or their parents’ or guardians’ homeowners’ insurance policy to see if personal property at the university is covered.

FIRE SAFETY VIOLATIONS

A false alarm is extremely dangerous as it may cause other students to ignore an actual fire. Tampering with fire alarms, extinguishers or other fire equipment is a violation of Massachusetts state law and can endanger the lives of fellow students as equally as setting a fire. Anyone causing a fire, activating an alarm unnecessarily or misusing or disabling any fire equipment may be expelled from Bentley University and may be subject to criminal prosecution. Fire alarms caused by careless cooking and/or dirty ovens are avoidable and therefore violators will be referred to the CONDUCT SYSTEM, with penalties ranging up to suspension from university housing.

FIRE ALARMS

In the event of a fire alarm, touch your door with the back of your hand to feel if it is hot and look underneath for any smoke seeping in. If it is safe to evacuate, leave the building immediately by way of the nearest exit. Staff members are not always around to assist with evacuation. Any student who does not leave a building when an alarm sounds is subject to severe disciplinary action up to and including suspension or expulsion.

FIRE DRILLS

Fire drills are conducted to familiarize everyone with the sound of the alarms. Use the emergency exits to evacuate the building safely. These drills are conducted in every building once each semester at various days and times. Remember, failure to evacuate when the alarm sounds is punishable by university disciplinary action (see FIRE ALARMS above). Members of the Residential Center staff and University Police will tour the buildings during a fire drill and report those who do not evacuate.

ID CARDS

Each student must have a valid Bentley ID card on his or her person at all times and show this card to university personnel upon request. University Police takes ID pictures and produces photo ID cards. Students, faculty and staff can possess only one ID card at a time. In the event that a “lost” card is found, you should destroy the old ID card by cutting it in half. The ID pictures are taken Monday to Friday, from 8:00 a.m. until 3:00 p.m. at the University Police Station. During non-business hours University Police staff are available to issue free temporary cards that will allow you building access until the Card Office is next open at which time you will need to return the temporary card and purchase a new Bentley ID.

There is a $5 charge for the first lost card. Second and third replacement cards cost $10 and all others $25. Worn out or damaged IDs are replaced without charge. You must bring your damaged card with you when a replacement is made. ID cards are used for access into all locked buildings on campus, including the residence halls. University Police maintains records of access granted to all buildings. Transferring ID cards from student to student or from student to non-student is a violation of campus policy and subject to disciplinary action. This includes transferring IDs in order to gain access to dining services, the fitness center, or for any other reason.
ACADEMIC PROGRAMS, POLICIES & PROCEDURES
The UNIVERSITY CATALOGUE serves as a student’s academic contract with the university. Students should refer to the appropriate catalogue for information on academic programs and clarification of university academic policies.

RETURN TO STUDIES AFTER AN ABSENCE OF FIVE YEARS OR MORE
Undergraduate students requesting to return to Bentley to resume their studies after an absence of five years or more are subject to the degree requirements in place at the time of their return. When possible, credit for courses previously completed at Bentley will be applied to meet the new program degree requirements with review by relevant departments. Students returning to Bentley to resume their studies within the five year period may follow the degree requirements in place at the time of their original matriculation at Bentley

ACADEMIC PERFORMANCE STANDARDS
The academic performance committee monitors overall academic performance and accumulated failures. For details see the university catalogue: UNDERGRADUATE/GRADUATE.

SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL AID APPLICANTS
In order to remain eligible for assistance, financial aid applicants must meet standards of academic progress established in accordance with federal regulations. See the university catalogue for further details: UNDERGRADUATE/GRADUATE.

Other policies related to financial assistance, scholarships and federal financial aid may be found in the university undergraduate and graduate CATALOGUES.

UNDERGRADUATE COURSE AWAY POLICIES
The undergraduate Course Away Policy and forms can be found in the UNIVERSITY CATALOGUE.

Courses must be approved in writing by the Office of Academic Services in advance of the course being taken.

Full-time day students are permitted to take courses away only during interim periods between semesters (i.e., during summer and winter session).

Please Note: Permission to take courses outside of Bentley during fall or spring semesters will only be granted for students with extenuating circumstances and for compelling reasons. Requests to take courses during fall or spring semesters must be accompanied by an Academic Petition.

For seniors intending to graduate in May and who are approved to take courses away in the Spring semester, official transcripts must be received in time to be processed prior to graduation. (Please see the Registrar’s Office for deadlines and special instructions.)

A minimum grade of 2.0 (C) must be earned in order for the course taken away to be eligible for course away credit.

Please Note: Only the course away credits (TR) will appear on your Bentley transcript rather than the actual grade.

Once enrolled at Bentley, students can transfer in (through Course Away) up to 10% of their Bentley program from other institutions.

Please Note: Students must complete a minimum of 60 credits at Bentley to meet graduation requirements.

Students may transfer no more than a total of 6 credits into their major.
Students may transfer a maximum of 3 credits into a minor.

Students taking courses at institutions outside of the United States, but in their home country, must have the courses reviewed and approved by Undergraduate Academic Services. Students taking courses at institutions outside of the U.S., but not in their home country, must have the courses approved by the Office of International Education.

Courses must be credit-bearing courses and may not duplicate previous coursework. Please Note: CEU (Continuing Education Unit) courses are not transferable.

Upper-level business courses must be taken at an AACSB-accredited college or university. For a listing of AACSB-accredited institutions, please see the AACSB website at AACSB.EDU.

Students take courses elsewhere at their own risk. Academic Services cannot guarantee that course content is 100% comparable to its Bentley equivalent. Students should exercise care as to whether they think courses taken elsewhere will offer the proper foundation for their subsequent coursework at Bentley.

General Business courses may not be taken away. In addition, the following courses may not be taken away:

- AC 340
- CS 360 (CS majors)
- COM 210 (IDCC majors)
- EC 381 (EC majors)
- EC 441 (EF majors)
- FL 51 (FI & FA majors)
- MK 400 (MK majors/minors; MEMK majors)
- MG 240 (MJ majors/minors)
- MG 345 (MG majors/minors)

Course Focus Requirements may not be transferred in.

Students are encouraged to have alternative courses reviewed in the event that the first choice becomes unavailable.

Course Away approvals apply to undergraduate program requirements only.

Students considering graduate study at Bentley should consult their program requirements to assess if classes taken elsewhere meet graduate admission standards.

For the Course Away Form to be considered complete, the form must be accompanied by the following:

- A course description, and
- A copy of the student’s Degree Works Audit

Additional academic policies may be found in the university undergraduate and graduate catalogues: UNDERGRADUATE/GRADUATE.

COURSE ATTENDANCE POLICY

For full semester courses, students (whether currently registered in the course or not) must start attending classes by the first class meeting after the add period ends.

An enrolled student who misses the first week of class and is not present at the first class meeting after the add period ends needs faculty and department chair approval to remain in the class. If the add period has ended, instructors retain the right to deny admission to a course to any student who is not yet enrolled.
After a course has met for two weeks, students may not register for it, and may not start to attend classes, including those classes for which they are already registered. Instructors must report missing students as "no-shows" to the Registrar at the end of the second week of classes.

Exceptions to this policy can be made only in the following cases:

- The student has been attending one section of a course but needs to switch to another section.
- The student has been mistakenly placed in the wrong course and needs to be reassigned.

In such cases the exception will be made by the chair of the relevant department on a case by case basis.

- For intensive courses, a student who has missed the pre-session meeting must, prior to the first class meeting, get the instructor’s permission to attend. Students who are not present at the start of the first class may not thereafter attend.

Students who will be absent from class for an extended period of time (one week or longer) because of an emergency situation should immediately contact the Office of the Dean of Student Affairs, the Health Center, the Center for Wellness Promotion, the Counseling Center and/or Academic Services for assistance.

**ACADEMIC DIFFICULTIES**

If a student is experiencing difficulty in a course, it is the student’s responsibility to contact the faculty member for advice and additional instruction. Faculty advisors, as well as representatives from Academic Services, Student Life and the Counseling Center are also available. It is the student’s responsibility to seek their aid.

**REDUCED COURSE LOAD POLICY FOR INTERNATIONAL STUDENTS**

Please note that Bentley students on F-1 or J-1 visas are subject to additional restrictions regarding course load requirements. Contact CISS for more information.
ACADEMIC INTEGRITY

ACADEMIC INTEGRITY POLICY AND PROCEDURES
Bentley students and faculty are held to the highest standards of ethical behavior and moral conduct. Faculty are expected to adhere to Bentley’s Ethics policy and the ethics conventions of their disciplines. Each student is expected to abide by the Honor Code and to become familiar with the entire academic integrity system. Details may be found in the UNIVERSITY CATALOGUE. Both undergraduate and graduate students adhere to the same academic integrity policies.

BENTLEY HONOR CODE
As a Bentley student, I promise to act honorably in my courses and my professional endeavors, adhering to both the letter and spirit of Bentley’s academic integrity system. I will neither take advantage of my classmates nor betray the trust of my professors. My work will be honest and transparent, and I will hold myself and my peers accountable to the highest ethical standards.
CHANGES IN ENROLLMENT STATUS

If a student decides, for whatever reason, that they are permanently unable to continue attending Bentley, the student must officially withdraw from the University. The official withdrawal process is initiated by students by contacting Student Affairs via GA_STUDENTAFFAIRS@BENTLEY.EDU. Mere absence from classes or exams is not an official withdrawal from Bentley, nor does it reduce financial obligations. The University’s tuition refund policy is stated in the HANDBOOK. Withdrawals from the University must be done by the last day to withdraw from a single course in the semester. Withdrawal from individual courses is a different procedure; all students process course withdrawals through WORKDAY or in person at the Office of the Registrar. Since withdrawing is a permanent action, if a student who withdraws from the University wishes to return to Bentley, they must reapply.

LEAVE OF ABSENCE POLICY

A leave of absence is taken when students plan to pause their studies and resume them at a future date. A student may choose to take a leave for any number of reasons. While not actively engaged in coursework at Bentley, these individuals are considered to have a special student status and must be eligible to continue studies at Bentley upon their return. A student begins the formal leave of absence process with Student Affairs, via GA_STUDENTAFFAIRS@BENTLEY.EDU. Students may request to be placed on leave of absence for a period of up to two years, after which it becomes an administrative withdrawal. While on leave, students may not remain enrolled in any courses, participate in extracurricular activities at Bentley, or utilize University resources.

A leave of absence from the University must be completed by the last day to withdraw from courses. Students receiving financial assistance must consult with the Office of Financial Assistance if they plan to discontinue their studies at Bentley. Students on a leave of absence are responsible for reviewing the return from leave of absence policy below to ensure they meet all appropriate deadlines.

International students please note: International students on a leave of absence cannot stay in the United States. Any international students taking a leave of absence must meet with a member of the Center for International Students and Scholars.

Graduate Students please note: Upon admission to the McCallum Graduate School, all graduate students have five years in which to complete their program(s). Some students may find it necessary to interrupt their degree progress briefly due to short-term work, family or other obligations. In such situations, a leave of absence is not required for domestic students. (F-1 visa holders need to request a leave of absence regardless duration of time for leave of absence). A graduate student’s active academic status will remain in place for two semesters — not counting summer and winter terms. If the nature of the interruption makes it likely the five-year deadline is unlikely to be met, a leave of absence should be considered. If a graduate student is considering a leave of absence, Graduate Student Academic Services should be contacted to discuss the impact of a leave of absence on academic progression and access to University resources.

Medical Leave

The University recognizes that students may experience medical situations that significantly limit their ability to function successfully or safely in their role as students. In those situations, students should consider requesting a medical leave of absence, which permits students to take a break from University life and their studies, so that they may receive treatment and later return to the University with an enhanced opportunity to achieve their academic and co-curricular goals.

While on medical leave, students are encouraged to focus on treatment as recommended for the physical or psychological health issues that precipitated their leave. Students on a medical leave may not remain enrolled in any courses or extracurricular activities at Bentley. Medical leaves initiated by a student may extend up to two years.
## Returning from a Leave of Absence

Students returning from a leave of absence begin the process by submitting the University's Return/Readmit form to Student Affairs via GA_STUDENTAFFAIRS@BENTLEY.EDU. Please see the below chart for deadlines for submitting the Return/Readmit form.

*Students who are hoping to register for Fall classes and housing at the initial registration periods should submit the Return/Readmit form prior to March 15.

In addition to submitting the required Return/Readmit form by the appropriate deadline, a student who wishes to return to campus after a medical leave must also provide a letter from their treating provider. This letter must be in English on the provider’s letterhead, outlining the student’s readiness to return to the academic and campus environment. The letter from the treating provider should be received by Student Affairs at least three weeks before the student’s scheduled return to campus. Students on medical leave who wish to return are subject to any conditions or restrictions outlined and agreed to prior to their leave. An opportunity for a conversation with the Care Team Case Manager will be provided to students returning from a medical leave in order to review their return plan as well as individualized resources available to them upon their return.

While not required, students returning from a personal leave may request a re-entry meeting with the Care Team Case Manager in order to help assist them with a successful return to campus.

**Please Note:** If a student is granted a medical leave after the last day to withdraw from courses, they must take a full semester off before returning to Bentley. The final day to have a medical leave processed for the current semester is Reading Day. Requests for a medical leave made after this deadline will only be considered for the following semester.

## REFUNDS

All refund requests must be submitted in writing to the Registrar’s Office, using the refund request form. Students who are disputing tuition charges must complete an academic petition form and submit it to the Office of the Registrar no later than the end of the following semester. Petitions received after the deadline will be referred to the Registrar’s Office for review. All charges remain due until otherwise notified.

## TUITION

Tuition withdrawal credits are made for full-semester courses, as noted in the academic calendar.

**Please Note:** Refer to academic calendar for specific refund dates and for courses other than full-semester. In case of withdrawal, scholarships initially credited toward tuition due are subject to the same withdrawal credit percentage as the tuition charge. In other words, there are no cash refunds of scholarships. In the event of disciplinary suspension or expulsion from the university, no refund of tuition charges will be made.

## RETURN OF FUNDS POLICY FOR FEDERAL AID RECIPIENTS

A federal regulation specifies how universities must determine the amount of federal financial aid you earn if you
withdraw from the university. The law requires that when you withdraw, the amount of federal aid that you have earned up to that point is determined by a specific formula. If you received (or had applied to your account) less assistance than the amount that you earned, you will be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned. The amount of assistance that you have earned is determined by the percentage of the semester completed. For example, if you completed 30 percent of the semester, you earned 30 percent of the federal aid you were originally scheduled to receive.

Once you have completed more than 60 percent of the semester, you are considered to have earned all of your federal assistance. If you received excess funds that must be returned, Bentley must return a portion of the excess equal to the lesser of your qualifying institutional charges for the term multiplied by the unearned percentage of your funds or the entire amount of the excess funds.

If Bentley must return part of your financial aid and the removal of those funds from your account creates a balance due, you will be billed for this balance. If the university is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are not required to return 50 percent of the grant assistance that you receive that it is your responsibility to repay. Any amount that you do have to return is a grant overpayment and you must make arrangements with the Department of Education to return the funds.

Example: A student has tuition charges of $10,480 and no room or board charges for the fall semester. The student pays $7,813 toward the bill and the rest is covered by a federal Stafford loan for $2,667. The student withdraws from the university after completing 40 percent of the semester. The student is considered to have earned 40 percent of the aid received or $1,066. The remaining 60 percent or $1,601, must be paid.

Bentley will return $1,601 of the loan from the student’s account to the lender. This leaves an unpaid balance of $1,601 on the student’s account. The student will be billed by the university for this amount and is responsible for paying because not all of the aid used to pay the initial bill was considered to have been earned by the student.

For information regarding Room and Board refunds, see the **HOUSING POLICY SECTION**.
STUDENT FINANCIAL SERVICES BILLING AND COLLECTION POLICY

Student Financial Services is responsible for billing and collecting fees for tuition, housing, meal plans, health insurance, computers, parking violations and any other applicable charges.

Our goal is to work with students and parents to resolve outstanding balances. We understand that students and their families may experience financial difficulties and it is important for those types of issues to be communicated to our office at an early stage. Bentley University offers payment plans to assist with the budgeting of the cost of education. However, those plans are only available to students prior to the due date of their bill.

We URGE students and/or parents to contact our office prior to the due date of the bill to discuss any financial concerns that they may have. The earlier the issue is discussed the more tools we have to assist students in resolving the situation.

Bentley University recognizes that employers may pay some costs on behalf of students/employees. These agreements are made between the student and their employer and are not contractual agreements with the University. We do not bill companies/employers for student tuition. Students are expected to pay the balance due at the time of registration or by the due date for the semester.

- Bentley University does not accept foreign checks under $250.
- Bentley University does not accept foreign currency traveler’s checks.
- It is the student’s responsibility to update Bentley University of address changes.

Each semester, all students are required to agree to the “Terms and Conditions of Payment Obligation” form prior to the start of classes.

If the balance is not resolved by the due date, a financial hold will be placed on the account. This financial hold will prevent students from registering for classes, changing their course schedule, participating in senior week activities, the graduation ceremony and from obtaining diplomas and/or transcripts. If applicable, the student may also be required to move out of housing.

Also, accounts with unresolved balances are subject to late payment fees of $100.00 each.

If a balance remains unpaid the account will be assigned to the Bentley University Collection Department. If an acceptable payment arrangement cannot be reached, the account will be assigned to a collection agency. There are several consequences that accompany that action:

- The account will be reported in a default/collection agency status to the credit bureau. This may prevent the student from obtaining credit in the future.
BENTLEY CARE TEAM

The purpose of the Bentley Care Team is to promote safety and wellbeing for the campus community. This multidisciplinary team accomplishes this by assessing and responding to non-emergency reports of concerning student behavior.

When someone shares a concern with the Care team, this report could be what helps get the student connected to the campus resources they need or provide the team with additional information about the student to help the team more appropriately reach out.

Community members who are concerned about a student are encouraged to talk with the student whenever feasible and then make a referral to an appropriate resource if necessary. Any direct conversation with a student can be supplemented by a referral to the Care Team and/or any resource on campus.

In cases of emergency, reporters must contact University Police (781.891.3131) for on-campus emergencies or 911 for off-campus emergencies FIRST if the person of concern poses an immediate threat to self or others or if the individual experiences a medical emergency. The Care Team plays a secondary role to all emergency circumstances and should be contacted only after initial emergency notifications are made.

To submit a CARE report online, visit: WWW.BENTLEY.EDU/BENTLEY-CARES

RETURN FROM HOSPITALIZATION/INTENSIVE OUTPATIENT TREATMENT PROGRAM (IOP)

Students who are unable to attend class as result of a hospitalization or stay at a treatment facility, intensive outpatient program, or rehabilitation center and do not wish to take a medical leave of absence will work with the Care Team Case Manager for their return to campus. To help students be successful and feel supported, Bentley has outlined the following process.

The student or their treating provider must first contact the Care Team Case Manager stating their desire to return. Then, the student’s treating provider must complete and sign the University’s Return to Campus form, indicating that the student is ready to resume academic and social responsibilities of campus life. This form must be sent directly, via email or fax, from the student’s treating provider to the Care Team Case Manager prior to the student’s return to allow time to review the form and consult with various campus offices regarding the student’s academic standing.

After the completed Return to Campus form is received, the student will meet with the Care Team Case Manager upon their return to campus. The purpose of this meeting is to determine whether the student will be permitted to return to the residence halls and/or coursework; any conditions that may be imposed as part of a return; whether the student will need to take a medical leave; or whether more information is needed, and to ensure the student is connected with appropriate resources on or off campus. A student cannot be discharged directly to Bentley University or return to campus until the student’s treating provider has submitted the University’s Return to Campus form and the student has a meeting with the Care Team Case Manager.

- Medical conditions
- Psychiatric/psychological disabilities

The major components of these services include:

- Academic, residential and meal accommodations
- Assistance with accessibility issues

FOOD ALLERGY POLICY

Bentley University, in accordance with the Americans with Disabilities Act (ADA), believes that students with food allergies should reasonably and equally enjoy the university’s food services and meal plans. Students who choose to live in a university residence hall or suite style accommodation are required to purchase a university meal plan. Students housed in those types of settings who have food allergies or other dietary restrictions, may request reasonable accommodations. Requests for such accommodations are made through the Residential Center and reviewed by the Housing & Meal Plan Medical Accommodation Committee.
HEALTH INSURANCE

The Massachusetts Universal Health Care Act mandates that all students enrolled three-quarter time to full-time in a degree-granting program at all colleges and universities in Massachusetts participate in a qualifying health insurance program. The determination of full-time and part-time status is made at the end of the drop-add process. Students who are enrolled less than three-quarter time are not eligible for student health insurance. Therefore, all students enrolled three quarter time to full-time (both undergraduate and graduate, day and evening) will automatically be billed for student health insurance. That means nine or more credits for undergraduate students and 6.75 or more credits for graduate students.

Students who have comparable coverage (through themselves, parents or a family member) are not required to enroll in the student health insurance plan offered through Bentley but must complete a waiver form ONLINE every year they are enrolled. The online waiver must be received by August 1 for fall enrollments and by January 2 for spring enrollments. The fee for student health insurance will remain on your bill and you will be obligated to pay the amount in full unless a completed online waiver form is filled out.

Please Note: All international students and other non-U.S. residents are required to purchase the student health insurance plan offered by Bentley University and will automatically be enrolled in the plan. You do not need to take any action. If you have Embassy sponsored insurance, you may be eligible to waive the plan.

Please contact Student Financial Services at +1 781.891.2162 to discuss this option. If you are covered by a Massachusetts based Employer-Sponsored Insurance plan, please contact University Health Plans at 800.437.6448 to see if you qualify for an exception to this requirement.

Billing questions should be addressed to Student Financial Services at 781.891.2162. The student health insurance program is administered by University Health Plans. You can go to www.universityhealthplans.com to learn more about the Bentley University student health plan including information about coverage, cost and benefits.
RIGHTS REGARDING EDUCATIONAL RECORDS
BENTLEY UNIVERSITY POLICY

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT
This policy is issued in compliance with the regulations established by the Department of Education, 20 C.F.R. Part 99.7, for the university’s implementation of the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g, also known as FERPA. This policy is also guided by the laws in the Commonwealth of Massachusetts concerning privacy. The university has established strong policy guidelines that support its adherence to the FERPA and protect the rights of students, except under certain circumstances stated in the statute and its regulations and as noted below.

Please Note: Students and their legal guardians receive notice of FERPA and their rights under FERPA through the electronic publication of the Student Handbook each academic year.

ACCESS/AMENDMENT TO EDUCATIONAL RECORDS
Students and eligible parents have the right to access the student’s educational records upon written request to the Office of the Dean of Student Affairs. An exception to this policy is made for requests from students or others for transcripts and degree information which may be made directly to the Office of the Registrar. Requests for disclosure of educational records may be made by electronic signature when available. Each department/division of the university will determine if it will assess fees for copies of an educational record or transmission of an educational record to another party. All requests for changes to a student’s educational record must be made in writing to the vice president for student affairs.

LOCATION OF EDUCATIONAL RECORDS
Educational records may be kept by the registrar; each committee, board and department of the university; and by faculty and staff of the university in paper or electronic form.

DIRECTORY INFORMATION
Unless otherwise requested by the student, Bentley (Information Desk, Registrar’s Office, Dean’s’ office, etc.) may release to the public student data considered “directory information.” If a student desires that directory information not be released, it is his or her responsibility to notify the Registrar’s Office in writing.

Please note that students do not have the flexibility of choosing to release or not release particular items defined as directory information. Bentley will not sell or give directory information for commercial purposes to external vendors who are not affiliated with the institution. The university may use all directory information for operations of student organizations or university-sponsored functions.

Directory information, as defined by the Family Educational Rights and Privacy Act, includes the following information relating to a student: name, address, e-mail address, photograph, telephone number, date and place of birth, class, enrollment status, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, academic honors, degrees and awards received and the most recent previous educational agency or institution attended.

DISCLOSURE WITHOUT CONSENT-STATUTORY EXCEPTIONS
The statute provides that under a number of circumstances, the university will disclose educational record information to other persons/entities without seeking prior consent or notice to a student or eligible parent. Such examples include but are not limited to: certain subpoenas and court order; accrediting organizations; requests in connection with a student’s application for financial aid; certain requests from federal, state or local authorities; and
disclosure to other “university officials” who “have legitimate educational interests” in the information and records. “University officials” include the officers and directors of the university; all members of the administration, faculty and staff; persons serving on conduct, promotion and academic boards and committees; and any professional providing assistance to the university (such as lawyers, accountants, law enforcement personnel and medical personnel).

The university has determined that there are certain persons who have the right to review a student's educational records and personally identifiable information in every case: officers of the university, provost and the deans. Other university personnel will have access to educational records and personally identifiable information in circumstances where the Dean of Student Affairs or his or her designee, concludes based upon the information available to him or her at the time of the decision, that the disclosure of the records and/or information will assist the university in making decisions concerning a student's academic status or standing at the university or the health, safety or well-being of a student or other members of the university community. The Dean of Student Affairs or his or her designee reserves the right to contact parents of a dependent student when it has been determined that the student's success is at risk.

**COMPLAINT PROCEDURE**

Students have the right to file a complaint concerning any alleged failure on the part of Bentley to comply with the Family Educational Rights and Privacy Act with the:

**DRUG AND ALCOHOL VIOLATIONS**

The university may inform parents or legal guardians of the student's violation of federal, state and local laws and university rules and regulations concerning drug and alcohol use and possession.

**HEALTH AND SAFETY EMERGENCIES**

The university may disclose educational records and personally identifiable information to members of the university community, professionals assisting with the university, law enforcement personnel and others when it determines, based upon the information available at the time, that there is an articulable and significant threat to the health and safety of a student or others and that the disclosure will aid the university in addressing the health and safety threat or emergency.

**RESULTS OF DISCIPLINARY PROCEEDINGS**

The university informs victims of any crime of violence or non-consensual sexual misconduct of the final results of a disciplinary proceeding and the action taken against the perpetrator student when the proceeding finds a violation.

**CULTURAL DIVERSITY**

Bentley is committed to offering a quality education to individuals of all identities. Preparing students to function in an international business environment necessitates providing a culturally diverse educational environment. A diverse student population enriches each student’s educational experience, offering the opportunity to interact with students of different races, cultures, religions, sexual orientation, gender identities/expressions, states and countries.

**RESPONSIBILITIES**

Attendance at Bentley bears with it responsibilities not only to obey the laws of the Commonwealth, including those that may differ from the laws in a student’s home state and applicable federal laws, but also to adhere to the rules of the university, to the standards of the community and to respect the rights of others. If a student’s actions on or off
campus should result in a violation of Massachusetts law or federal law, he or she may incur penalties as prescribed by civil authorities. While university authority will not be used to duplicate the function of the civil and/or criminal courts, its conduct process may be invoked independently of the courts. Students are responsible for their own behavior. Should a student's behavior be found unacceptable by the conduct system on campus, he or she may be warned or sanctioned according to the nature of the violation, up to and including expulsion from the university.

JURY DUTY
Any person who has resided in Massachusetts for more than 50 percent of the year (even if they aren’t a permanent resident) is eligible to serve jury duty. Those chosen for jury duty are selected randomly by a computer from population lists of each city and town in Massachusetts obtained through a census. The court provides a detailed information booklet on qualification and permitted exceptions and a number to call if you have any questions.
CODE OF CONDUCT

STUDENT RIGHTS AND RESPONSIBILITIES
At Bentley, a student is considered to be anyone who is currently enrolled in undergraduate or graduate coursework at Bentley, whether it be full or part time, remote, or in person.

Bentley adheres to the following basic values:

- A respect for the rights of each person
- A commitment to treat each person as an individual
- An acceptance and appreciation of the cultural differences among individuals
- A respect for the worth and dignity of each person
- A belief that education and experience provide the potential for continuous growth
- A commitment to approaching student interaction as an opportunity for education

Bentley students have a responsibility to behave in ways that promote the safety of all individuals within the university community. Questions regarding rights, and responsibilities should be directed to the Dean of Student Affairs.

Rights
Rights of freedom of speech, freedom of association, freedom of thought and freedom of privacy as a Bentley student are coextensive with the rights of any other citizen except where otherwise indicated. However, there are certain responsibilities that are “assumed” by each student as a member of the Bentley community. It is impossible to list every right and responsibility. Some of the more important ones are as follows:

- Freedom of Association
- Freedom of Petition
- Freedom of Speech
- Freedom of Assembly
- Freedom of Protest
- Rights Regarding Educational Records
- Cultural Diversity

Freedom of Association
Bentley offers a number of organized associations and activities. Students are free to join the associations of their choice (based upon their status as undergraduate/graduate) on and off campus, excluding those organizations on suspension or expulsion from the university.

Freedom of Petition
When a student believes that there is some matter of serious concern to the university community that does not promise a solution through administrative review procedures, he or she may present the case to the Student Government Association or the Graduate Student Association.

Freedom of Speech
Bentley respects students’ rights to explore and discuss questions that interest them and to express opinions publicly and privately, within the limits of the law and policies of the university including the BENTLEY CORE VALUES.
Freedom of Assembly

It is the policy of Bentley to protect the right of each member of the academic community to assemble. The university makes its facilities available for peaceful assembly, welcomes guest speakers and protects the exercise of these rights from disruption or interference, within reasonable time, place and manner limits. The substitution of noise for speech and force for reason is a rejection and not an exercise of academic freedom; therefore, Bentley cannot allow disruptive or disorderly conduct on its premises to interrupt its proper operation. If students engage in disruptive or disorderly conduct, they are subject to disciplinary action; to possible sanctions, including expulsion; and to charges of violations of law.

Freedom of Protest

Students have the right to protest and the university respects the right of each member of the academic community to be free from coercion and harassment. The university recognizes that academic freedom is no less dependent on ordered liberty than any other freedom and understands that the harassment of others is especially reprehensible in a community of scholars.

Peaceful Protests, Demonstrations and Organized Marches

Recognizing the rights of free speech and peaceful assembly as fundamental to the democratic process, the University supports students and student groups/organizations in expressing their views or to peacefully protest and peacefully dissent against actions and opinions with which they disagree. A campus environment that is diverse in all its forms enriches our lives and provides students the broad range of experiences which are so necessary for deep personal and professional growth and development.

This philosophy is consistent with our Bentley Core Values, where all voices are treated with respect, civility and inclusion. Interacting daily with people whose backgrounds and beliefs may be different than our own benefits each and every one of us. Such interaction enhances who we are and what we have to offer to one another - inside and outside of the classroom, in the residence halls, across the campus, in our own local communities, and in the workplace. It leads to ethical decision making based in broad, multiple perspectives and prepares us for empathetic and engaged citizenship as members of an ever-evolving and global society.

In order to assure equal opportunity for all, promote civility, adhere to the University’s values, and provide a secure, safe environment these events must be approved. Student Groups, per the Student Organization Guidebook, must receive approval from the Cooperative Programming Board at GA_SPE@bentley.edu. The staff that chair the Cooperative Programming Board can assist students in reviewing the guidelines the University has established for these events. Individuals seeking to access their rights under this policy must contact staff in Student Programs & Engagement and the Office of the Dean of Student Affairs who will jointly review these requests and are designated approvers for these requests.

- The open areas designated for peaceful protests, speeches, marches, and demonstrations are 1) The Collins Greenspace and 2) Academic Quad. Both spaces are regularly used as gathering areas for campus events and activities and are prominent places in the daily life of the Bentley community.
- Student Programs & Engagement, acting on behalf of the Vice President for Student Affairs, requires that students and student groups/organizations interested in the use of these areas to register with the professional staff of Student Programs & Engagement, located on the third floor of the Student Center.
- Organized marches traveling throughout other areas of campus must be coordinated with University police prior to the event.
- All structures, signs, and litter resulting from the activity must be removed from public areas by the end of the event. All sponsors of events may be subject to costs for cleanup or repair of University property resulting from the participants in the event.
- Failure to adhere to these guidelines will result in a referral to the student conduct system and may result in an interim removal from campus if the Vice President for Student Affairs, Executive Director of...
Public Safety (or designee) finds that the speech, march, or demonstration 1) creates significant hazards to the public; 2) includes language or conduct that is so severe, pervasive, and objectively offensive that it denies or limits an individual's ability to work, or participate in, or benefit from, an educational program or activity; or 3) excessively interrupts or interferes with the orderly and peaceful conduct of the University. In the interest of allowing equal time for all points of view, the University may consider other limitations on the time, place, and manner of the speech.

**EXPECTATIONS**

In order to ensure that the students and student groups/organizations exercising freedom of expression do not interfere with the operation of the University, or rights of others, the following expectations are required:

1. Events that may obstruct vehicular, pedestrian, or other traffic must be approved in advance by the Executive Director of Public Safety (or designee).

2. Use of sound amplification on campus is regulated and must be approved in advance by the Executive Director of Public Safety (or designee).

3. Events must not result in the obstruction of entrances or exits to buildings.

4. Events must not interfere with educational activities inside or outside of campus buildings.

5. Any form of harassment of passersby or other disruptions of normal activities is prohibited.

6. Events must not obstruct safe access and participation in scheduled University ceremonies or events.

7. Malicious or unwarranted damage to, or destruction of, property owned or operated by Bentley or by students, faculty, staff, or visitors to the University is prohibited. Students or student groups/organizations causing such damage will be referred to the student conduct system.

8. Students and/or student groups/organizations are required to comply with all applicable state and Federal laws as well as the Student Handbook policies. Students and/or student groups/organizations who do not comply will be referred to the appropriate disciplinary action.

9. A peaceful protest, outdoor speech or demonstration may invite another form of protest. When these occasions arise, the expression of all parties is important. Please note that a separate protest area may be designated by the University for those persons with views that differ from the views held by the event organizers.

10. Exceptions to this policy may be appealed to the Directors of Student Programs & Engagement and the Office of the Dean of Student Affairs.
ALCOHOL, MARIJUANA AND OTHER DRUG POLICIES:

ALCOHOL

Bentley supports the observance of all laws and regulations governing the sale, purchase, serving and consumption of alcoholic beverages by all members of the community and expects that these laws are adhered to at all events associated with the university, both on and off campus. The university does not intend through its policies to restrict responsible use of alcohol by members of the university community who are of legal drinking age in Massachusetts. In general, the following behaviors are prohibited under Bentley’s alcohol and other drug policies:

- Driving under the influence of alcohol
- The purchase of alcohol by and for individuals under the legal drinking age
- The procurement of alcohol through illegal means
- Public intoxication
- Being placed in protective custody due to overconsumption of alcohol
- The serving of alcohol to people who are either underage, incapacitated or visibly intoxicated.

Use of Alcohol in the Residence Halls

- Residential students may possess alcohol in their room/suite/apartment provided they are of the legal drinking age in the state of Massachusetts.
- Common sources of alcohol such as kegs and beer balls are prohibited from the residence halls with the exception of registered kegs for registered parties. Please refer to the PARTY POLICY below for further information. Any unregistered keg found on campus or being transported through campus grounds is assumed to have been procured for consumption on campus and the owner(s) and/or student(s) in possession is subject to penalties imposed by Bentley. Students are fined, in addition to other sanctions, on a per-person/per-keg basis (additional fines such as those for unregistered parties may be added).
- Containers of alcohol (either empty or full) found on campus or being transported through campus grounds are assumed to have been procured for consumption on campus and the owner(s) and/or student(s) in possession is subject to penalties imposed by Bentley.

Registered Party Policy

Registered parties are defined as events with up to 45 invited guests. They must be completely contained in the apartment. All parties must be registered. Apartment-style dwellings are the only type of accommodations where parties are allowed. Party-eligible apartments are located only in the following buildings: Collins, Falcone, Boylston A and B Orchard North and South and Rhodes.

In order to have alcohol at a party, the apartment residents must follow these guidelines:

- Each apartment resident must attend a party registration workshop run by the Residential Center.
- At least half of the residents are 21 years of age (i.e. a five person apartment must have three people 21 years of age).
- The primary host is 21 years of age.
- Each apartment resident must be in good standing (not on a current sanction). Registration of a party may be declined due to current conduct record.
- Each apartment resident must sign the party registration form. The laws of the Commonwealth
especially pertain to the serving of minors. Sponsors are responsible for ensuring that alcohol is not served to anyone less than 21 years of age. Knowingly or unknowingly serving alcohol to a minor is a violation of state law and Bentley University policy. Should such a violation be discovered, action within the CONDUCT SYSTEM will ensue.

In Addition:

- Gatherings of more than 45 people are not allowed. Registered parties are not permitted during early move-in periods, interim housing, vacations, and nights before classes or anytime during finals. Only a limited number of parties are allowed on each floor and in each building. This number is determined on a per-building basis and is subject to the approval of the Residential Center. Additionally, each party-eligible apartment may only register for as many as eight parties per semester.

- Registered parties must be registered with the Residential Center by 4:00 p.m. on the Thursday prior to the party. Registered parties must comply with any request made by other residents to lower the noise level. Parties must end by 1:30 a.m., at which time quiet hours begin.

- Nonalcoholic beverages and food must be available for the duration of the party. Any damage done in the vicinity of the apartment is billed back to the apartment residents.

- This may include other floors and stairwells. It is the responsibility of the party hosts to ensure that a party is “responsibly run.” A “responsibly run” party is one that:
  - Complies with all items on the party registration form, including no service of alcohol to minors.
  - Abides by the stipulations put forth in the party registration workshop.
  - Adheres to all alcohol policies and procedures.
  - Stops consumption of alcohol by an individual who is obviously intoxicated. Registered parties with alcohol are limited to one keg or 12 750ml bottles of wine for the duration of the party.

- At the end of the event at 1:30 a.m., that keg may not be used or tapped on campus again. A keg may only be brought on campus the day it is to be used at a registered event. Kegs must be removed from campus the day following the event for which they were registered.

Failure to comply with party registration guidelines may result in immediate revocation of party privileges.

Unregistered Parties

Unregistered parties are events where there are more people present than the room, suite or apartment occupancy allows (halls 20 or less, suites 20 or less, apartments 30 or less) and one or more alcohol policy violations are present. The Residential Center staff responds to apartments and rooms whose residents are hosting unregistered parties. Residents of the room will be referred to the CONDUCT SYSTEM for appropriate action.

Party Registration Workshops

At the beginning of each semester, a schedule of party registration workshops will be made available. All the residents of an apartment must be of legal drinking age and successfully complete one of these workshops to be eligible to register private parties in the apartment. Workshops will be held several times each semester. Contact the Residential Center for more information.

Penalties for Violating Other Drugs Policies
Sanctions for other drug violations are levied on a per-person basis and may include suspension or expulsion from university-owned housing, suspension or expulsion from Bentley, parental notification and/or fines ranging up to $1,000. Any drug paraphernalia found on campus will be confiscated and destroyed by University officials.

Students violating drug policies may also face criminal persecution. The following details penalties for first offenses under Massachusetts and Federal law.

Denial of Federal Aid (20 USC 1091)
Under the Higher Education Act of 1998, students convicted under federal or state law for the sale or possession of drugs will have their federal financial aid eligibility suspended. This includes all federal grants, loans, federal work study programs, and more. Students convicted of drug possession will be ineligible for one year from the date of the conviction of the first offense, two years for the second offense, and indefinitely for the third offense. Students convicted of selling drugs will be ineligible for two years from the date of the first conviction, and indefinitely for the second offense. Those who lose eligibility can regain eligibility by successfully completing an approved drug rehabilitation program.

Forfeiture of Personal Property and Real Estate (21 USC 853)
Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.
**Federal Drug Trafficking (Sale/Distribution) Penalties (21 USC 841)**

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following table is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces mandatory life sentence and fines ranging up to $8 million.

**Federal Drug Possession Penalties (21 USC 844)**

Persons convicted on Federal charges of possessing any controlled substance face penalties of up to 1 year in prison and a mandatory fine of no less than $1,000 up to a maximum of $100,000. Second convictions are punishable by not less than 15 days but not more than 2 years in prison and a minimum fine of $2,500. Subsequent convictions are punishable by not less than 90 days but not more than 3 years in prison and a minimum fine of $5,000. Possession of drug paraphernalia is punishable by a minimum fine of $750.

Special sentencing provisions for possession of crack cocaine impose a mandatory prison term of not less than 5 years but not more than 20 years and a fine up to $250,000, or both if:

A. It is a first conviction and the amount of crack possessed exceeds 5 grams;
B. It is a second conviction and the amount of crack possessed exceeds 3 grams;
C. It is a third or subsequent crack conviction and the amount exceeds 1 gram.

Civil penalties of up to $10,000 may also be imposed for possession of small amounts of controlled substances, whether or not criminal prosecution is pursued.
MEDICAL AMNESTY POLICY

98% of Bentley students said they want a friend to call for help if their health or safety was in danger. Looking out for Bentley student’s health and safety is everyone’s business. As our core values state, we are responsible for helping keep our community safe. In instances of a drug or alcohol related emergency, all members of our community are expected to seek help.

Under the University’s Medical Assistance Policy, any student who requests help from a university official for themselves or another student, will not be charged through our conduct system for alcohol policy violations. It is at the discretion of University officials whether other policy violations will be addressed (e.g. hazing, or fire safety violations). University officials will not conduct unnecessary searches or be looking for these violations, but if they are present and visible, they may be addressed to ensure the safety and security of the community as a whole.

A student who needs medical assistance for alcohol or other substance use will be required to complete a medical follow up with the Health Center and harm reduction education with the Office of Wellness & Health Promotion, or other educational follow up as determined by the Office of the Dean of Student Affairs staff.

In certain instances, the Office of the Dean of Student Affairs may also recommend that reporting students complete risk reduction and preventative education. This is to ensure that all students have the necessary information to prevent future occurrences.

These educational requirements will not become part of a conduct record unless students fail to comply.

Always call University Police 781.891.3131 if you are concerned for a student’s health and safety AND if they exhibit any of the signs listed below.

- C: Cold clammy skin, bluish lips
- U: Unconscious — cannot be woken up or Unsettled and disoriented
- S: Slowed — irregular breathing patterns or Stopped breathing
- P: Puking excessively and while passed out S: Seizing actively

This policy does not apply to students who are found intoxicated/incapacitated by alcohol/drug consumption by University Officials, such as Resident Assistants and University Police. It only applies to those students or organizations who seek assistance for an alcohol or other substance related medical emergency.

When seeking medical assistance, the reporting party or organization needs to remain with the student (provided it is safe to do so) until medical assistance arrives. This ensures you can relay relevant observations and medical information to first responders, and so that the person can qualify for medical assistance.

The University holds the right to waive the Medical Assistance Policy should there be significant and/or repeated concerns regarding a student’s health and wellbeing. Student Employees who have significant responsibility for the health and wellbeing of other students may have their employment status impacted as resulted from intoxication/ incapacitation.

Recognized Student Organization/Team Medical Assistance Policy

Bentley University seeks to be a caring community that is committed to the health and safety of all of its members. With University recognition student organizations and teams are not only obligated to uphold the Bentley Core Values and other Bentley policies, but are also entrusted with the welfare of their members. Therefore, student organizations and teams are expected to contact University Police (if on campus, 781-891-3131) or 911 (if off campus), when an intoxicated/incapacitated member or guest is in need of medical assistance.

Recognized student organizations or teams that fail to seek such assistance are undermining this special trust and their status as a recognized organization or team may be subject to review.

A recognized student organization or team that seeks immediate assistance from appropriate sources will not be subject to formal University disciplinary sanctions relating to the actions of the student needing assistance.
The leadership and/or members of the student organization or team may be referred for educational follow-up as determined by University officials. If other violations of University policy related to the incident are discovered (e.g. Hazing), the student organization or team may be referred to the Student Conduct System and/or other administrative action. However, the student organization or team's willingness to seek medical assistance for a member or guest will be viewed as a mitigating factor in any conduct processes. In cases of repeated or egregious incidents, the University reserves the right to pursue formal conduct or administrative action on a case-by-case basis.

**FAQS**

**What happens to my friend after they are transported?** Your friend will be brought off campus to be monitored by trained professionals. If a student is taken to a hospital they will be monitored and treated by medical professionals. If they need a ride back will be provided one by University Police. If a student is taken to Waltham Police Department, they will be monitored but will not be arrested. In keeping with our usual practice, a student's emergency contact will be notified of the health and safety concern.

Upon their return, your friend will be contacted by a member of the Residential Center to check-in. Within two business days, your friend will receive information regarding follow-up from the Office of the Dean of Student Affairs.

**What will be asked of me if I stay with my friend?** When University Police and/or other University Officials arrive to the scene they will ask you general information regarding your friend and the current incident. You may be asked to identify yourself and your friend (if they are unable to), as well as answer questions regarding your friends alcohol/drug consumption that day. Additional information may be asked to better understand the aid needed, such as do you know if they have any medical diagnosis, or if you are aware that they take any medication, and other questions pertaining to their health and wellness.

**When will someone know that they have received amnesty?** A student will be informed by the Office of the Dean of Student Affairs that they have received medical amnesty. They should be informed within two business days, however, this may be shared with the individual earlier if that information is available. Please note: members of the Residential Center or University Police will likely not be able to confirm that an individual has been covered by this policy, so if they are not sure, please do not be discouraged as an official notice will be provided to the involved student(s).

**What educational follow up will occur after a student receives medical amnesty?** It is Bentley policy that all students who receive treatment at an area hospital meet with a campus medical provider for an informational meeting to discuss discharge paperwork and concerns. Students will be also be referred to B.A.S.I.C.S. (Brief Alcohol Screening Intervention for College Students) with the Office of Wellness & Health Promotion. The B.A.S.I.C.S. program involves two meetings over a two week period of time. It follows a harm-reduction philosophy so students can learn steps to protect themselves from bad outcomes in the future. These educational requirements will not become part of a conduct record unless students fail to comply.

**Will event hosts be in trouble for serving minors?** The primary concern will always be focused on the person in need. As the medical assistance policies state, other violations of University policy may be referred to the Student Conduct System, but again, making the call to get help for those who need it will be considered a mitigating factor should Conduct follow up occur. Students/Organizations/Teams hosting parties or events should keep in mind the risks and responsibilities associated with being a safe and responsible host. For more information about responsible hosting, contact one of these resources: Student Programs and Engagement (number), the Office of the Dean of Student Affairs (781-891-2161), the Center for Wellness and Health Promotion (781-891-2274).

**Does the Medical Assistance policy apply to non-Bentley guests? Will their Bentley host be in trouble?** Regardless of the individual, you are expected to get help for someone in need of medical assistance. Non-Bentley individuals are not subject to the conduct process, however are still held to the on campus standards and state and local laws. Please review the policy language regarding other factors that would influence the conduct system. Your follow-up will be determined by the Office of the Dean of Student Affairs but your willingness to seek help will be viewed as a mitigating factor in any conduct processes.
ALCOHOL, MARIJUANA AND OTHER DRUG INFORMATION

ALCOHOL, MARIJUANA AND OTHER DRUGS: RISKS OF USE AND RESOURCES

There are academic, social, financial and legal risks with the use of legal and illegal substances. In accordance with the provisions of the Drug Free Schools and Communities Act, the following content provides an overview of these risks and campus and community resources.

ALCOHOL USE: ACADEMIC, HEALTH AND OTHER RISKS

Bentley supports the observance of all laws and regulations governing the sale, purchase, serving and consumption of alcoholic beverages by all members of the community and expects that these laws are adhered to at all events associated with the university, both on and off campus. Included among these laws are those that govern driving under the influence of alcohol, the purchase of alcohol by and for individuals under the legal drinking age, the procurement of alcohol through illegal means, public intoxication and the serving of alcohol to people who are either underage or intoxicated. The university does not intend through its policies to restrict responsible use of alcohol by members of the university community who are of legal drinking age in Massachusetts. Penalties for violating the alcohol policy of Bentley include but are not limited to warnings and probations, fines, educational seminars, parental notification and educational community service projects. It is hoped that education will help students understand more about the residual effects of alcohol both physically and socially. Alcohol violations may also result in suspension or expulsion from the university. Penalties are levied on a per-person basis.

The abuse of alcohol is a concern for colleges and universities nationally. The risk of health and academic problems is greater in students who consume alcohol in higher frequencies and quantities. Current research indicates that risk is lower when Blood Alcohol Content or B.A.C. is lower than .08. For most men, consuming less than 5 standard drinks in one sitting and for most women consuming less than 4 standard drinks in one sitting will limit risk. A standard drink is equal to 12 ounces of beer, 5 ounces of wine or 1.5 ounces of 80 proof liquor. Since the effects of alcohol vary by individual, this does not mean consuming these or amounts or lower amounts will prevent all negative consequences. In addition to limiting quantity and frequency of alcohol consumption, students who avoid taking shots and pregaming, or who alternate with non-alcoholic beverages also report they experience fewer negative consequences from alcohol.

Multiple research studies indicate the following academic impacts from alcohol use:

- Higher risk consumption negatively impacts class attendance
- Higher risk consumption negatively impacts time students spend studying outside of class
- There is an inverse relationship between high risk drinking and GPA

Consuming alcohol can result in a variety of health concerns. In the immediate, over intoxication can lead to negative health consequences like vomiting, blackouts (memory disruptions) and hangovers. As a depressant, alcohol also contributes to impaired cognitive and physical functioning that may result in poor decision making, a decrease in reaction time, slurred speech, impaired vision and loss of balance. For some people, alcohol can also make them more aggressive. Such disruptions can cause unintentional injuries from falling or aggressive behaviors including physical altercations. Impaired thinking may lead to risky sexual behavior including unprotected sex.

Excessive consumption may cause cardiac disruptions and alcohol poisoning, a very serious condition that can cause death.

Consistent heavy and higher risk consumption contributes to the development of Alcohol Use Disorder (AUD). About 1 in 5 college students actually meet criteria for AUD. Long term excessive use also contributes to chronic diseases such as cirrhosis of the liver, pancreatitis, a variety of cancers, and high blood pressure. Neurological problems such as dementia or stroke are also possible. Excessive alcohol use can also be correlated with psychiatric problems such as anxiety or depression.
Legal Risks

Legal and social risks also exist. These include conflicts with family or friends, driving under the influence of alcohol, as well as vandalism, property damage, and involvement with the police or university officials for violation of federal, state, municipal or university policies.

Penalties for Violation of campus alcohol policies may include but are not limited to warnings and probations, fines, harm reduction focused educational programs, parental notification and educational community service projects. Students who are in violation of Massachusetts laws regarding the use of alcohol also may be subject to action through the Bentley Student Conduct System.

Outside of the Bentley student conduct system, the following state violations can lead to legal consequences. Depending on the type of violation and prior history of violating these laws, state imposed penalties can include fines ranging from $50 to $5000; suspension of license ranging from 3 months to several years, referral to alcohol education or treatment programs, arrest and possible imprisonment. Select the appropriate hyperlink for description of penalties.

- Underage Possession or Transportation of Alcohol
- Underage Attempt to Purchase Alcohol
- Procurement of Alcohol for, or Sale of Alcohol to Minors
- Alteration, Forgery or Possession of False Identification
- Driving a Vehicle While Under the Influence (Under 21 Years of Age)
- Driving a Vehicle While Under the Influence (Over 21 Years of Age)

Massachusetts Law

Massachusetts’ Operating Under the Influence statute creates a permissible inference that an individual with a blood alcohol content of .08 or greater has violated the law. For a first offense, violators are subject to a fine of not less than $500 nor more than $5,000 and/or imprisonment for up to two and one half years. Individuals under the age of 21 whose blood alcohol content is .02 or greater or who refuse to consent to a blood alcohol analysis, shall lose their license for 180 days.

The following list details some of the specifics of the law in Massachusetts regarding alcoholic beverages. The law:

- Prohibits issuance of any license for the sale of alcoholic beverages to persons less than 21 years of age.
- Subjects persons who misrepresent their age or present falsified IDs to purchase alcoholic beverages to fines of $300 and loss of license.
- Prohibits persons less than 21 years of age from knowingly transporting or carrying on their person any alcoholic beverages, except in the course of formal employment. There is a fine of $50 for the first violation and $150 for each subsequent offense. A police officer (including University Police) may arrest, without warrant, any person who violates this section of the law.
- Allows parents to be notified if at any court proceeding, persons are charged with serving or selling alcoholic beverages to a person under 21 years of age.
- Prescribes fines of up to $2,000 and/or imprisonment not to exceed one year for patrons of licensed premises who deliver or procure to be delivered, any alcoholic beverage to or for the use of a person he or she knows or has reason to believe is less than 21 years of age. Students who are in violation of Massachusetts laws regarding the use of alcohol also may be subject to action through the Bentley Student Conduct System.
MARIJUANA USE: ACADEMIC, HEALTH AND LEGAL RISKS

Similar to alcohol use, student marijuana use is also of concern to colleges and universities due to the multitude of negative consequences that may occur when the substance is abused. Many who use marijuana occasionally, 1 to 2 days per month have lower risk for negative consequences. Those who use occasionally (3-9 days per month) or frequently, more than 10 days per month are at greatest risk. People who use marijuana in more concentrated forms such as dabs (eg butane hash oil, shatter, wax) are at greatest risk. The THC content is much greater when consumed in these forms.

Academically, research has found the following connections with marijuana use:

- Marijuana use is highly predictive of skipping classes which over time contributes to a lower GPA
- When students increase their frequency of marijuana use, their GPA’s decrease. The reverse happens when students decrease their frequency of use.
- Marijuana use can contribute to cognitive impairment affecting memory and recall of learned information
- Marijuana use can also contribute to problems with focus and attentiveness

Although some people benefit from the medicinal use of marijuana, there is still limited research on its effectiveness and persons who are recommended to use it may still experience risks affiliated with use. In general, Marijuana use can cause distorted perception, difficulty thinking, and impaired coordination. The impact on memory and cognition can last after the drug has worn off. Despite feelings of relaxation, cannabinoids actually increase a person’s heart rate between 20 and 100 percent. Adversely, some users experience acute panic reaction and anxiety. Research now supports that marijuana is both physically and psychologically addictive. Heavier users may develop Cannabis Use Disorder. Some research indicates that risk for developing cannabis use disorder is also increased with dab use because tolerance develops quickly from their use.

Methods of ingestion also pose different risks. For example, when smoked, the sharing of smoking materials poses significant risk for contracting illnesses including respiratory infections, influenza, herpes and meningitis. Like cigarette smoke, marijuana smoke contains carcinogens. People commonly believe that marijuana smoke contains fewer carcinogens than cigarette smoke. This is false. Users of marijuana typically inhale more deeply and hold their breath longer, which in fact increases exposure to carcinogens in the smoke. Heavy use can lead to respiratory infections and long-term use can cause a variety of cancers, including testicular cancer in men.

With the emergence of edible marijuana products, reports of over intoxication and resulting hospital visits have increased. Edibles often mimic products that don’t contain marijuana like gummy candies, cookies or candy bars. The serving sizes of products containing marijuana differ from their non cannabis counterparts and are often much smaller.

As mentioned above, consuming dabs contributes to greater risk. In addition to the risk of burns from production and consumption, dabs contains much greater concentrations of THC, one of the main cannabinoids in marijuana. Dabbing can cause rapid heartbeat, memory disruptions, injury, increased anxiety and paranoia.

Legal Risks

Although recreational marijuana use and possession is permitted in the state of MA, possession and use, including medically recommended use, are still prohibited on Bentley University’s campus. As a university that receives federal funding for grants and financial aid, we must adhere to federal policies regarding controlled substances under the Drug Free Schools and Communities Act. Students documented on campus for marijuana policy violations may be assessed warnings, fines and probations. They may also be referred to harm reduction focused educational programs and be subject to parental notification and educational community service projects.

OTHER LEGAL SUBSTANCES: RISKS OF USE

Cigarettes and Tobacco Products
Cigarettes, Juuls, cigars, pipes, chewing tobacco e-cigarettes and other vaporized smoking devices all contain nicotine, a highly addictive stimulant that affects dopamine. Nicotine increases blood pressure, respiration and heart rates. Additionally, people who use nicotine typically have elevated blood sugar levels because the drug suppresses the pancreas from releasing insulin. Nicotine use in adolescence does pose additional risks. Research indicates impacts on adolescent brain development, specific to experiences of pleasure. Use can impact impulse control and attentiveness for learning as well as increase chances of developing a mood disorder.

Tobacco smoke contains thousands of chemicals, some of which have carcinogenic properties. One-third of all cancers and nine-tenths of lung cancer cases are attributed to cigarette use. Besides cancer, smoking causes lung disease, chronic bronchitis and emphysema. Users have increased risk for heart disease including heart attack, stroke and vascular disease. People who smoke typically have a shorter life span than non-smokers as well.

Vaporized nicotine, ingested via e-cigarettes and Juuls, exposes the lungs to a variety of chemicals, some of which are carcinogenic.

Non Medical Use of Prescription Drugs
Some people think that prescription drugs are safe because health care providers prescribe these substances. When health care providers prescribe a medication, they prescribe it ONLY for one person for a specific reason. Health care providers first assess if the patient has any allergies, prescribe only therapeutic doses for that specific patient for the specific condition and take into consideration any interactions with other medications that patient is taking. However, when someone takes medications meant for someone else, uses larger quantities than prescribed or uses a medication for something other than what it was prescribed—including recreational use, prescription drug abuse occurs. Prescription drug abuse is against the law, risky and unsafe. Abuse of prescribed substances can be highly addictive and can cause serious medical problems and also death. Risks are increased when consumed in conjunction with alcohol or other drugs. Most often, Opioids, depressants and stimulants are abused prescription drugs.

It is important to note that non-medical of stimulants such as ADHD medications does not aid in studying. In fact, research indicates that students who abuse stimulants actually skip more classes, spend less time studying and have lower GPA’s. These substances increase heart rate, blood pressure and blood glucose. Stimulants are generally taken orally, however some abusers snort them or crush and inject them into their bodies. This poses risk of blockage to small blood vessels. When taken in larger doses or without a prescription, these stimulants can increase dopamine levels subsequently increasing risk of developing an addiction. In high doses, use can cause rapid, irregular heartbeat, hyperthermia, risk of seizure and heart failure.

ILLEGAL SUBSTANCES: HEALTH AND LEGAL RISKS

Risks Associated with Drug Use
There are several short- and long-term health risks associated with drug use and abuse. Many factors contribute to the extent of these effects, including the type of drug, the quantity and frequency of use, how it is ingested, physical and emotional state of the user and whether it is being combined with other drugs or alcohol. According to the American College Health Association negative health effects of drugs may include high blood pressure, respiratory failure, digestive problems and loss of motor skills coordination, injury, liver damage and deterioration of
the heart muscle. Cognitive impairment resulting in poor judgment, impaired memory and reduced alertness may also occur. Drug use can also cause depression, anxiety or psychosis and can lead to the development of tolerance and physical or psychological dependency. Social and legal consequences also exist. In general, public grounds are considered open space for people to relax in and travel through. People using such space are asked to maintain the aesthetics of the areas they use. Every effort is made to limit the number of scheduled events in these spaces for maximum use. To ensure the most effective use of outside grounds, as well as to minimize the physical damage to property and reduce the noise levels for the university neighborhood, guidelines have been established for the use of outside grounds. Events geared for more than 30 people or those planned to occur on a regular basis, must be coordinated through the Conference Center, the Office of Student Programs and Engagement and Athletics.

In the practical application of determining when guests should be invited to the room, common sense and mutual respect should prevail. Guests of resident students may remain overnight for no longer than three nights. Guests who occupy university housing for longer than three nights may be removed and trespassed from campus if deemed necessary by the University.

In addition to this policy, NCAA student athletes shall follow the policies and guidelines set forth by the NCAA and the Athletics Department.

Communication to Members

Every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization must distribute this policy to each of its members, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually to the institution an attested acknowledgment stating that such group, team or organization and each of its members, pledges, applicants, or new members, has received a copy of this policy and understands and agrees to comply with the provisions of this policy.

Reporting

It is the expectation of the University that members of the community report any known instances of hazing, as defined by this policy, to the extent that such person can do so without danger or peril to himself or others, as soon as reasonably practicable. Failure to report is also a violation of this policy.

Complaints or reports of activities believed to be hazing should be reported to Erin Kelley, Director of Student Conduct and Title IX Coordinator at 781.891.2329 or EKELLEY@BENTLEY.EDU, or the University Police at 781-891-2201. Any questions concerning the interpretation or application of this policy should be referred to the appropriate University official.

- Individuals who are victims of hazing and who truthfully report the activities shall not be individually charged with a violation of this regulation.
■ Individuals who have knowledge of a hazing incident, but who did not participate, and truthfully report the activities shall not be individually charged with a violation of this regulation in relation to that particular incident.

■ An organization or group that seeks assistance in preventing hazing from occurring within the organization or group, even if past behaviors have included hazing, shall not be charged with a past violation of this regulation.

■ Any organization or group that self-reports a hazing behavior to an appropriate University Official or the University Police shall be given the opportunity to change those behaviors without immediate threat of being charged with a violation of this regulation. An organization or group that self-reports shall identify those individuals responsible for the hazing behaviors. If evidence is presented in subsequent semesters that hazing behaviors have continued within the organization, that organization may be held responsible for past behaviors.

Retaliating
Retaliation in any manner against any individual who reports hazing or who participates in an investigation of a hazing report is prohibited. Making an intentionally false accusation of hazing is prohibited. All members of the Bentley community shall cooperate in an investigation of hazing. Responsibility for any violations of this regulation may be attributed to the perpetrators, the organization or group, its members or its officers.

INCENDIARY DEVICES AND/OR DANGEROUS CHEMICALS
Possession of candles or any other incendiary devices is prohibited from all campus buildings.

LOCAL ADDRESS POLICY
It is the policy of Bentley University to collect accurate addresses for all students. Having accurate campus and local addresses for all students enables Bentley to respond appropriately to emergencies and crises (e.g., fires, criminal activity). Additionally, when a concern is reported about an off-campus house or apartment, accurate address information will allow the university to determine if, in fact, the residents are Bentley University students. Failure to provide the university with a valid local or campus address during the semester check in process is a violation of university policy, and those who fail to do so may be referred to the student conduct system. Similarly, providing a false address is also a violation of university policy and will result in conduct system action.

LOUNGE FURNITURE
The furniture/equipment in each lounge or common area is for the use of all the residents/occupants of the building. To assure continued use of the lounges and common areas, it is important that students do not remove or damage the furniture. Furniture from any common area on campus cannot be brought outside. Any student who removes lounge or common area furniture may be fined and other conduct sanctions may follow.

NOISE ORDINANCE
The city of Waltham has enacted a noise ordinance that prohibits loud radios or stereo equipment, shouting in public streets, loudspeakers, horns or signaling devices and other noisy activities. The university maintains a “good neighbor policy” with all residents near Bentley-owned and operated properties (our campus). Students are not permitted to play amplified sound or place speakers in/out their windows or to create any type of disturbance that might disrupt the peace and quiet of the neighborhood. Student organizations may organize and produce outdoor events with amplified sound only with the permission of the Office of Student Programs and Engagement.
OFF-CAMPUS CONDUCT

Students may be charged by the university for misconduct off campus if the individual or organization is accused of violating local, state or federal laws or Bentley policies, rules or procedures. In such instances, the Office of the Dean of Student Affairs will review the conduct and determine whether they warrant referral to the Bentley CONDUCT SYSTEM. Students may be held accountable for violating policy wherever they are located, be it on campus, off campus, while abroad or while home on break.

OFF-CAMPUS DISTURBANCES

Students in off-campus apartments or houses should demonstrate respect and concern for both their neighborhood and the Bentley community. The university may refer any student(s) identified as being involved in conduct that violates Bentley rules, regulations, policies and procedures to the Bentley CONDUCT SYSTEM for disciplinary action.

Events held off campus by Bentley students or student organizations are expected to be in compliance with all campus policies. Students or student organizations hosting the event are responsible for ensuring behavior that reflects well upon that community. Event hosts can be held responsible for their guests’ safety and actions both on and off campus. Failure to comply with campus policies may result in disciplinary action against the individuals and/or the sponsoring organization.

OFF-CAMPUS FUNCTIONS

Bentley organizations and individuals sponsoring off-campus functions are considered representatives of the campus community and are responsible for ensuring behavior that reflects well upon that community. Failure to do so may result in disciplinary action against the individuals and/or the organization.

- The university does not accept legal or financial obligations incurred by campus organizations or individuals choosing to hold functions off campus that are not officially sponsored by the university; the person entering into agreement with the representatives(s) of the organization for the use of their premises by that organization should be informed of this position.

- Organizations or individuals may not use the Bentley name in any promotional material distributed off campus unless approved in advance by the Office of Student Programs and Engagement.

- Organizations or individuals can be held accountable for the behavior of individuals attending their events even if that event is held at an establishment other than Bentley University.

OFF-CAMPUS — STUDY ABROAD

Students enrolled in a study abroad program, through Bentley or another third party, may be charged with violating Bentley policy during their time abroad. While abroad, students are encouraged to review the policies and guidelines of the school they are visiting.

PARKING

Vehicles can only be parked in lined parking spaces. Resident students are only allowed to park in residential lots. First-year resident students are not allowed to park their motor vehicles on campus. Violations of this rule will result in the immediate towing of the vehicle at the owner’s expense. All students repeatedly violating the parking policies are subject to action that may include loss of parking privileges. Repeat freshman offenders may face loss of parking privileges for their sophomore year.

If no residential parking spots are available, University Police will designate an overflow lot. All motor vehicles must be out of the designated area by 8:00 a.m. Overnight parking is NOT allowed except in residential lots. Please refer to a campus map for lot designations. Only motor vehicles displaying a current and proper decal are permitted to park on campus.
Parking is assigned and regulated by University Police. A student bringing an unregistered vehicle onto campus will be subject to action, loss of parking privileges and/or ticketing and towing. In case of an emergency or extraordinary circumstances, freshmen may request permission for a one-day pass from the University Police dispatcher. Short-term parking (one week or less) may be requested from University Police.

**RETALIATION**

Retaliation is when a negative action is taken against an individual for raising concerns about conduct which is prohibited by law or policy. All members of the Bentley community have the right to raise concerns, or file a complaint to the student conduct system or Title IX Coordinator without fear of retaliation. Additionally, it is unlawful and a violation of university policy to retaliate against an individual for filing a report of sexual misconduct or gender-based discrimination. Retaliation against anyone who participates in an investigation of sexual misconduct or gender-based discrimination is also prohibited. Examples of retaliation can include hostility, intimidation, threats, exclusion and discrimination. Anyone person who retaliates against an individual reporting general misconduct or sexual misconduct/gender-based discrimination investigation is subject to disciplinary action up to and including expulsion from the university.

**SALES AND SOLICITATION**

Use by outside concerns of campus services such as photocopying, duplicating, campus mail, electronic mail and the campus directory is prohibited for the purpose of sales or sales promotion without authorization. Individual students and/or student organizations wishing to conduct sales or promotional activities must receive written authorization from the Residential Center (if the activity is taking place in the residence area) or from Student Programs and Engagement (if the activity is taking place on campus in areas other than the residence areas).

CONDUCT SYSTEM

The Bentley University conduct process is designed to address student behavior, provide proactive initiatives, support a safe and stimulating campus climate and educate students via individual meetings, board hearings, board hearings and through the delivery of holistic sanctioning. The philosophy of the Bentley University Conduct System is based on the belief that:

- Students are responsible for their individual actions as well as for the way the community functions as a whole.
- When students can learn from their experiences, receive help from the university, constructively examine their behavior and take positive steps toward changing that behavior, the proper conduct response should be educational in nature.
- When students become involved in behavior that violates the spirit and/or substance of federal, state or local law or Bentley rules, regulations, policies and procedures basic to the welfare of the university community at large or the individual therein, the university is bound to take disciplinary action that modifies, restricts or denies the student's status as a member of the university. The Bentley Conduct System affirms and protects the right of every member of the community to:
  - Be free from physical and psychological harassment based upon gender, sexual orientation, race, color, religion, nationality, ethnicity, disability status, veteran status or age.
  - Study and socialize in a clean, well-kept and safe environment
  - Sleep and study in reasonable quiet and privacy.

Actions that interfere with or threaten these or any other basic student rights constitute a violation of university rules, regulations, policies and procedures. In addition, the university expects students to observe all federal, state and local laws and university rules, regulations, policies and procedures, including those regulating:

- Use and sale of alcohol and drugs
- Sounding of fire alarms, illegal use of extinguishers and fire evacuation

Students who are found to be in violation of federal, state or local law, in these or any other matters, will not be protected by the university from full prosecution by the appropriate law enforcement agents. The university reserves the right to take disciplinary action, after a fair hearing, which may result in suspension or expulsion independent of related decisions being rendered in a court of law. In cases where the dean of student affairs or their designee, has a reasonable belief that an individual has engaged in a serious violation of university rules, regulations, policies and procedures and/or federal, state or local law, the vice president or a designee may impose any sanction on the student, which will remain in effect until the completion of the conduct hearing process and all appeals. In the event that a student violates the imposed sanctions prior to the completion of the conduct hearing process and all appeals, the vice president or a designee may impose a permanent sanction on the student.

GENDER-BASED HARASSMENT AND DISCRIMINATION POLICIES AND CONDUCT PROCESS

Bentley University engages in voluntary compliance with Title IX of the Higher Education Amendments (1972), and actively seeks to eliminate barriers to education resulting from sex- and gender-based discrimination. For Bentley University's full Title IX and Gender-Based Harassment and Discrimination Policy and conduct procedures, please visit the TITLE IX WEBSITE or reference PAGE 60 in this handbook. The following types of incidents will be adjudicated through this process: sexual harassment (including incidents of sexual assault), relationship abuse (including incidents of dating violence and domestic violence), hostile environment, retaliation, and stalking.
OFFICE OF THE DEAN OF STUDENT AFFAIRS

The Office of the Dean of Student Affairs is located in the Student Center 320. The office coordinates the Bentley University Conduct System and also works with other departments and student organizations across campus to implement proactive programs and activities. The staff in the office serves in an administrative and consultative capacity to the conduct system. Their role is to maintain official and complete files on all formal conduct proceedings. They oversee the conduct process to ensure its faithfulness to the spirit and letter of the Bentley Conduct System by consulting frequently with the administrative hearing officers, advisors and chairpersons of the conduct boards. In addition, they have the responsibility of overseeing the appointments of students to serve on conduct boards. They also oversee the training of all students and staff members within the Conduct System.

REQUIRED EVALUATIONS

The Office of the Dean of Student Affairs may require a student to undergo an evaluation (physical, psychological or both) when the student’s conduct gives rise to significant concerns pertaining to their well-being and/or ability to conduct themselves appropriately in the community. Behaviors which may result in a required evaluation include, but are not limited to, the following:

- Threats of danger to self or others.
- Inflicting mental or bodily harm upon any person (including self-harm).
- Engaging in an intentional or reckless action from which mental or bodily harm could result (including to self).
- Engaging in any other behaviors or physical conditions that

A required evaluation is a mandatory assessment of a student’s psychological or physical well-being. The University Care team will review this information, and make a recommendation to the Office of the Dean of Student Affairs.

CONDUCT PROCESS

The Bentley Conduct System adheres to the tenets of fair process and consists of administrative hearing officers, conduct boards and the Office of the Dean of Student Affairs staff. When the Office of the Dean of Student Affairs receives a report of an alleged violation, a case is created and referred to one of three conduct levels:

<table>
<thead>
<tr>
<th>LEVEL I</th>
<th>MINOR VIOLATIONS</th>
</tr>
</thead>
<tbody>
<tr>
<td>LEVEL II</td>
<td>SERIOUS VIOLATIONS</td>
</tr>
<tr>
<td>LEVEL III</td>
<td>MOST SERIOUS VIOLATIONS</td>
</tr>
</tbody>
</table>

*This is the conduct process for most policy violations. For academic integrity policies, please see the academic catalogue. For the conduct and adjudication process relating to sexual misconduct and gender-based discrimination, please go to the TITLEIX WEBSITE. The level at which the case will be heard is determined by the seriousness of the alleged violation and the conduct history of the student. Once the case is assigned to a level, an administrative hearing officer from that level will arrange a meeting with the student and the case may be referred to a Conduct Board. The Office of the Dean of Student Affairs reserves the right to determine whether or not to proceed with a charge due to the length of time that has passed since the event. The office also reserves the right to schedule conduct proceedings for dates that have a minimal impact upon the academic schedules of all involved parties or when extenuating circumstances exist. The Office of the Dean of Student Affairs may provide assistance in mediating some types of complaints. The vice president of student affairs has the ultimate responsibility for the Conduct System. When appropriate, the vice president or a designee from this office may modify the sanctions of an administrative hearing officer or a conduct board.*
Administrative Hearing Officers

In many cases, most students will meet with a single hearing officer to discuss the alleged conduct/alleged policy violation, and impact on the student and community. It is the administrative hearing officer’s responsibility to notify the student that an alleged violation has been filed, give a summary of the complaint, explain the conduct process to the student and either resolve the matter administratively or refer the case to the appropriate Conduct Board. For the case to be resolved administratively, a student must freely admit to the alleged violation and request that the administrative hearing officer take appropriate action. Moreover, the administrative hearing officer must be of the opinion that the administrative process is the most effective means of resolving the case. If any of these criteria are not met, the administrative hearing officer will refer the case to the appropriate Conduct Board. In any case, all records of conduct proceedings will be submitted to the Office of the Dean of Student Affairs to be kept on file. Should the student fail to respond to the notification from the hearing officer or if the student fails to attend the scheduled administrative hearing, the case may be resolved in their absence at the administrative hearing. All information regarding the conduct process will be communicated via Bentley email. Appeals of decisions made by administrative hearing officers can be submitted via the Advocate student portal (instructions for this process are provide in the final Conduct Outcome Decision Letter).

Members of Conduct Boards

Student members are appointed after a selection process, usually held in the Spring Semester. Faculty members of the Level Three Board are appointed by the Dean of Student Affairs. Before a scheduled hearing, a student who is appearing before any board may request from the Office of the Dean of Student Affairs the names of the members of the board for their case. Any reasonable concerns about board members should be raised at that time.

Level One and Two Conduct Boards

The Level One Conduct Board hears Level One alleged violations not resolved administratively. The board consists of four to six students, one of whom serves as the board chair. A staff member from the Division of Student Affairs serves as an adviser to the board. The board meets weekly or as needed, to hear all cases referred to it. The board has the authority to impose sanctions consistent with the sanctioning philosophy. The board may also levy fines and place limited restrictions upon a student found to be in violation of Bentley University policy and place students on residential probation. If a student fails to attend the hearing, the case may be resolved in that student's absence. Appeals of decisions made by the Level One Conduct Board can be submitted via the Advocate Student Portal. An appeal must be submitted within five (5) working days of the decision notification date.

The Level Two Conduct Board hears Level Two alleged violations not resolved administratively. The Level Two Conduct Board consists of a staff member from the Division of Student Affairs who serves as an adviser and four to six students, one of whom serves as the board chair. In addition to the authority of the Level One Conduct Board, the Level Two Conduct Board has the authority to limit a student’s access to particular buildings and deny participation in certain activities; place a student on probation; and suspend or expel a student from housing. If a student fails to attend the hearing, the case may be resolved in that student's absence. Appeals of decisions made by the Level Two Conduct Board can be submitted via the Advocate Student Portal. An appeal must be submitted within five (5) working days of the decision notification date.

Level Three Conduct Board

The Level Three Conduct Board is the highest-ranking conduct body in the BENTLEY UNIVERSITY CONDUCT SYSTEM. It is the disciplinary body that reviews Level Three cases and has the authority to suspend or expel students from Bentley University for disciplinary reasons. The board consists of a faculty chairperson, two faculty members and two students. While the Level Three Conduct Board is charged with hearing all the facts in each case and reviewing them impartially, its procedures are not bound by formal rules of evidence or necessarily strict presumption of innocence. The Level Three Conduct Board is responsible for determining the validity of the alleged violations brought against a student and taking appropriate action. If a student fails to attend the hearing, the case may be resolved in that student’s absence. Appeals of the decisions by the Level Three Conduct Board must be
submitted to the Dean of Student Affairs via the Student advocate portal. An appeal must be submitted within five (5) working days of the decision notification date.

**Conduct Hearings**

The conduct boards adhere to the following guidelines when hearing a case:

- A case referral is made to the chairperson or adviser of the appropriate conduct board.
- The adviser or chairperson selects a time for the hearing (within a reasonable amount of time) and sends notices to all people directly involved, including the person making the complaint, requesting their attendance.
- At the beginning of the hearing, the adviser or chairperson reviews the incident and summarizes the charges and supporting information.
- The party to the complaint presents his or her case in full and responds to questions from the committee.
- The student is given an opportunity to present his or her case, to answer questions from the committee and to ask questions of the other party and witnesses.
- The conduct board may request persons having information about the charge to attend the hearing.
- After a thorough review of the case and the student’s conduct history, the conduct body meets in private and decides an appropriate resolution; results of the hearing are communicated to the student in writing within a reasonable amount of time.
- A conduct hearing will proceed even if the conduct of the student has led to a civil or criminal proceeding, unless the Dean of Student Affairs or their designee decides otherwise.
- All records of conduct proceedings are submitted to the Office of Community Care, Values and Standards to be kept on file.
- Conduct hearings are private meetings and open only to those members of the campus community directly involved and approved by the adviser or the chair of the board; no recordings of hearings are allowed.
- The conduct bodies at Bentley make decisions regarding the responsibility of the accused based on a preponderance of the evidence and a majority vote of the panel.

**Students’ Rights**

Students referred to any conduct board are entitled to:

- A fair hearing within a reasonable amount of time from the referral.
- Ample notice of the hearing, a summary of the violation to be discussed and an explanation of the conduct process.
- The opportunity to speak on their own behalf.
- The opportunity to hear all evidence presented in the hearing.
- The opportunity to respond to all evidence presented in a hearing.
- Present material witnesses to give relevant and pertinent testimony (witnesses must be reviewed by the adviser, chairperson or director of student conduct and development prior to the hearing).
- The presence of one person to give support (for Level Three Conduct Board cases only or with prior approval of the Office of the Dean of Student Affairs). The support person invited by the student is prohibited from taking part in any dialogue during the hearing. Their communication is limited to private conversations with the student for whom they are providing support. Private conversations must not disrupt the proceedings. Advisers to or chairs of the hearing boards have the right to stop
the proceeding or remove the support person if his or her presence interferes with the activities of the hearing body.

- Written notice within a reasonable amount of time notifying the student of the conduct body’s findings and, if appropriate, sanctions.
- The opportunity to appeal the decision of the board.

Students who have been victimized by another student and whose case is referred to a conduct board are entitled to:

- Ample notice of the hearing and an explanation of the conduct process.
- An opportunity to attend the proceeding when evidence is presented.
- Present material witnesses to give relevant and pertinent testimony (witnesses must be reviewed by the adviser, chairperson or the Office of the Dean of Student Affairs prior to the hearing).
- The opportunity to submit to the conduct body a written impact statement that will be considered during sanctioning (if sanctioning occurs).
- The presence of one person to give support (for Level Three Conduct Board cases only or with prior approval of the Office of the Dean of Student Affairs). The support person invited by the student is prohibited from taking part in any dialogue during the hearing. Their communication is limited to private conversations with the student for whom they are providing support. Private conversations must not disrupt the proceedings. Advisers to or chairs of the hearing boards have the right to stop the proceeding or remove the support person if his or her presence interferes with the activities of the hearing body.
- For alleged victims of any crime of violence, to know the outcome of any disciplinary proceeding.

**Appeals**

Appeals of conduct decisions must be made in writing and must state and explain in detail the reason(s) for the appeal. In order for an appeal to be considered, an appeal must be submitted no later than five (5) working days of the decision notification date. Appeals may be made if:

- There has been a failure of fair process.
- New, relevant information can be introduced.
- The sanctions impose an undue hardship.

The appeals process is the final step a student can take in the student conduct system. The decision rendered as to whether or not an appeal will be granted is final. If an appeal is denied, the student cannot appeal the decision for that case again. The student will be notified within a reasonable amount of time as to whether or not an appeal is granted. Sanctions given by the administrative hearing officer or conduct board will stand until the decision on the appeal is made. If an appeal is granted, the case either will be resolved administratively or forwarded to the appropriate personnel. If the case is to be heard again, the student will be notified within a reasonable amount of time as to the date and time of the hearing. If the appeal is denied, the conduct process ends.

**CONDUCT PROCESS FOR STUDENT ORGANIZATIONS**

If the conduct of members of a student organization violates a campus policy or results in an off-campus citation, the student organization is subject to referral to the Student Conduct System. The incident will be referred to the Office of the Dean of Student Affairs for resolution. The student organization retains the same rights and responsibilities as an individual student in the university conduct process. A student organization will be held accountable for any members or nonmembers who, at the sponsored event, violate university policies rules and regulations, federal and state or local law on or off campus. A student organization is responsible for supervising all sponsored events on or off campus, even though other security measures may be taken. If a student organization is found to be responsible for violating university policies, rules, regulations and/or federal state or local laws,
sanctions such as loss of privileges and/or recognition may be imposed. State and federal privacy laws do not apply to student organizations.

**INCOMPLETE SANCTIONS AND FINES**

Students are responsible for knowing and understanding their sanctions. They are also responsible for completing their sanction by the assigned due date. Failure to complete a sanction by the assigned due date may result in further conduct action up to and including expulsion from the university.

**CONDUCT FILES**

Conduct files are considered educational records and are therefore included under the Family Educational Rights and Privacy Act of 1974 (The Buckley Amendment), except as amended. Please refer to the RIGHTS, RESPONSIBILITIES AND POLICIES section of this handbook for more information.

**SPECIAL CIRCUMSTANCES**

The conduct boards, as described previously, hear cases from the beginning of the fall semester to the beginning of spring semester finals. From the beginning of spring semester finals to the end of the summer, the various boards are dissolved and conduct matters are handled by administrative hearing officers. All decisions rendered during this interim period must conform to the spirit of the conduct system as expressed in this document. Appeals of decisions rendered during this time may be made to the administrative hearing officer specified in the sanction letter. It may also be necessary for administrative hearing officers to hear cases during exam periods or other times when conduct bodies are unable to convene. A conduct board can be convened in a special session if deemed necessary by the Office of the Dean of Student Affairs. If a conduct board cannot be convened in a special session, the hearing may be postponed to the next earliest date available.

**ADMINISTRATIVE ACTIONS**

In cases where the vice president of Student Affairs or his or her designee has a reasonable belief that an individual poses a threat to the safety of the university community or themselves, he/she may temporarily or permanently restrict or remove the student from the campus and the university.

**PARENTAL OR GUARDIAN NOTIFICATION**

In certain situations, parents or guardians may be notified when students violate university policies. This may include alcohol violations, drug offenses or serious violations that put the student’s success at Bentley in jeopardy.

**CONDUCT REVIEW COMMITTEE**

Students whose conduct does not meet the standards of the academic community as described in the Bentley Beliefs and the student handbook are subject to review by the Conduct Review Committee. Violations as determined by a conduct board, administrative hearing officer or conduct affairs office could also cause a student’s conduct to come up for review. Under the authority of the Office of the Dean of Student Affairs, the Conduct Review Committee takes appropriate action depending upon individual records and situations. Such actions include restrictions on activities; requirements to attend educational programs, workshops or events; calls for continued meetings with a case manager or adviser; and continued status on conduct review. Students subject to such action are contacted individually and must follow the directions of the Conduct Review Committee. Failure to do so may result in further action. Bentley and its administrative and academic staffs are dedicated to helping students achieve their collegiate goals. However, students are responsible for decisions they make and their consequences. They are encouraged to make full use of their advisers and all resources within the Division of Student Affairs to return to good standing.
FALCON-CONNECT MENTOR PROGRAM

Students who are separated from the university due to conduct-related matters are required to meet twice-monthly with a staff member from the university during the first semester of their return. In these meetings, the student and staff member will discuss the student’s academic and social progress. The student may be required to attend certain Bentley-sponsored programs and events in order to complete this mentorship program.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

By federal law, a person with a disability is any person who: 1) has a physical or mental impairment; 2) has a record of such impairment; or 3) is regarded as having such an impairment, which substantially limits one or more major life activities such as self-care, walking, seeing, hearing, speaking, breathing, or learning. A student requesting an accommodation in regard to an administrative or conduct board hearing must follow the appropriate process for requesting an accommodation through the Disability Services Office (located in Jennison Hall). The Disability Services Office will make a determination regarding the request and notify the appropriate parties. Reasonable accommodations depend upon the nature and degree of severity of the documented disability. While the Americans with Disabilities Act of 1990 requires that priority consideration be given to the specific methods requested by the student, it does not imply that a particular accommodation must be granted if it is deemed not reasonable and other suitable techniques are available.

GENDER-BASED HARASSMENT AND DISCRIMINATION POLICY

Mission of Bentley University: To educate creative, ethical, and socially responsible organizational leaders by creating and disseminating impactful knowledge within and across business and the arts and sciences.

Mission and Purpose of this Policy: To eliminate barriers on Bentley University’s campus that are rooted in harassment or discrimination based on an individual’s sex, gender, sexual orientation, gender identity, and/or gender expression.

Questions Regarding this Policy: Please forward any questions to those responsible for Bentley’s Title IX compliance.

1. Policy Statement
Bentley University will always respond to complaints, reports, allegations, and information about sex- and gender-based discrimination that it knows or should know about. These responses will serve to stop prohibited conduct, prevent its recurrence, and address any lingering impact that it had on both individuals and the larger campus community.

Congress passed the Higher Education Amendments in 1972, and included within them was Title IX, which states: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance…” Since 1972, several other federal and Massachusetts state laws have been adopted to offer further protection to those in higher education (i.e., students, staff, faculty, and third parties) from discrimination and harassment based on a person’s sex or gender. Bentley University is firmly committed to establishing an environment free of such discrimination and prohibits such acts, including: sexual harassment, sexual exploitation, sexual harassment including sexual violence (i.e., sexual assault and non-consensual sexual touching, forcible or not), relationship abuse (including domestic violence and dating violence), voyeurism, and stalking.

Additionally, retaliation against anyone who reports an incident of harassment or discrimination listed above, brings forward a complaint, or participates in an investigation of harassment or discrimination is also prohibited. Retaliation is also prohibited against those who, in good faith and reasonable manner, oppose an act or policy believed to constitute sex- or gender-based discrimination. It is the responsibility of Bentley University’s Title IX Coordinator to ensure that inquiries into reports of misconduct described above are made, as well as formal investigations consistent with applicable grievance procedures that are described in the following policy.

Bentley also reaffirms the rights of reporting parties (see section IX for a full list of definitions) to decide whether they wish to be involved in any of the University’s processes to address sex- and gender-based harassment or discrimination. Bentley is also strongly committed to supporting reporting parties through the numerous support services available. The University encourages those who wish to receive confidential support services regarding sex- and gender-based
discrimination to seek assistance from staff in the Counseling Center, the Health Center, the Boston Area Rape Crisis Center, REACH Beyond Domestic Violence, and/or seek medical attention.

Responsible employees of the University are required by law to report allegations of sexual harassment and other forms of sex- and gender-based discrimination that they observe or learn about to the Title IX Coordinator. Employees whose positions legally require confidentiality (i.e., licensed mental health counselors and health professionals) are not responsible employees. To review the full list of employee designations under Title IX at Bentley University, please refer to Appendix C. If you have a question regarding reporting responsibilities, please contact the Title IX Coordinator.

All employees of Bentley University are strongly encouraged to offer information on how to report such incidents to students and colleagues, as well as report this conduct directly to the Title IX coordinator. Responsible employees who fail to report allegations of sexual harassment and other forms sexual misconduct that they observe or learn about may be subject to disciplinary action. Bentley University is mandated to respond promptly and appropriately to any allegations of sexual harassment or other forms of gender-based discrimination. Under these policies, the university will consider the effects of off-campus conduct for faculty, staff, students, visitors, and community members when evaluating whether a hostile environment was created on campus. Any person responsible for, or involved in, retaliation will be subject to disciplinary action up to and including expulsion or termination.

Additionally, Bentley seeks to ensure that our campus and culture are inclusive for all students, and, as such, has committed to engaging in several preventative and proactive educational programs and initiatives. For a list of some of the programs Bentley offers, please see section XII of this document.

Bentley reserves the right to amend this, and other policies, immediately to ensure compliance with federal and state rules, regulations and laws.

II. Resources for Information and Assistance

Bentley University offers various resources for students, staff, and faculty seeking information or support regarding gender-based discrimination and harassment. Bentley also acknowledges that each person experiences and responds in differing ways, and there are a variety of formal and informal options for support. Please review the information regarding your options for support, assistance, and reporting so that you can make an informed decision based on personal needs. Your needs may change over time, so please also know that you may choose to utilize different forms of response at different times.

Any member of the Bentley community (including visitors) is welcome to contact the Title IX coordinator for information regarding this policy or the procedures outlined within it. The resources highlighted in Appendix A and B also provide information, assistance, and support to those who seek it.

III. Title IX at Bentley

Bentley University will always respond to reports, allegations, and information about sex- and gender-based discrimination that it knows or should know about. The Title IX Coordinator for Bentley University is responsible for providing leadership regarding the Gender-Based Harassment and Discrimination Policy, ensuring that ongoing trainings and education regarding sex/gender-based harassment and discrimination take place, as well as compliance-related reporting.

Additionally the Title IX coordinator will be responsible for:

- Tracking and monitoring incidents, including sex-based discrimination and sexual misconduct
- Ensuring that the University responds effectively to each report

After a formal report is submitted, the Title IX Coordinator will ensure that the appropriate measures are taken, including obtaining an external investigator and convening a Title IX Panel, however the Title IX coordinator will not participate in the investigation, Title IX Panel, or in the deliberations regarding the report (see appendices C and D for more information on investigation procedures and protocols).

Bentley University also has three Deputy Title IX Coordinators. These individuals can offer further information to those who may have questions about this policy, and formal reports can be submitted to them. The Deputy Title IX coordinators will also keep individuals involved in formal investigations up-to-date regarding its progress. The Deputy Title IX
coordinators will not participate in the investigation, Title IX Panel, or in the deliberations regarding the report. The Title IX Coordinator and Deputy Title IX Coordinators are knowledgeable about, and will provide information on, all options for report resolution. Both the Title IX Coordinator and the Deputy Title IX Coordinators can assist in providing interim measures to remedy the impact of an incident.

IV. Interim Support Measures

One way in which Bentley will support those who bring forward claims of sex- or gender-based discrimination is to offer interim measures and supports to remedy to the impact of the alleged misconduct. Examples of interim measures include:

- Providing University “No Contact” orders to all parties involved
- Changes in housing assignment or room combination
- Assistance from support staff
- Academic support services
- Help in rescheduling exams
- Limiting access to university facilities and activities pending resolution of the matter
- Change in class schedule
- Change in work schedule or job assignment
- Arrangements for medical services

These are just some examples of the interim support measures that the University may take to support individuals involved in an incident of sexual misconduct. As each individual will have their own needs and requests, the University is committed to tailoring interim measures to the specifics of each incident in a fair and equitable manner. Individuals seeking to access interim support measures can contact the Title IX Coordinator or the Deputy Title IX Coordinators.

V. Scope of this Policy

The federal mandates established by Title IX and the Clery Act reaffirm that students, staff, faculty, and visitors have the right to be free from discrimination based on their gender, sex, sexual orientation, and gender appearance/expression. All procedures regarding incidents involving students can be found in Appendix C of this policy, while all procedures for incidents involving only employees are found in Appendix D of this policy.

This policy applies to any behaviors involving community members both on and off campus. Examples of off campus coverage of this policy include incidents that occur on faculty-led study abroad trips, the Commencement Week trip for graduating seniors, internship sites, service learning sites, and off campus residences of students.

VI. Confidentiality

Bentley encourages reporting parties to talk to an employee about incidents of sexual misconduct and seek out appropriate resources and support. Please note that faculty and staff members on campus have different roles and responsibilities for reporting information should a student disclose an act of sexual misconduct:

- Some employees (called confidential employees) may talk to a student in confidence, and generally only report to the University that an incident occurred without revealing any personally identifying information. Disclosures to these employees will not trigger an investigation into an incident against the student’s wishes.
- Certain employees (called responsible employees) are required to report all the details of an incident (including the identities of both the reporting and responding parties) to the Title IX coordinator. A report to responsible employees constitutes a report to Bentley and obligates the University to respond to the incident and take appropriate steps to address the situation.
This policy is intended to make members of the community aware of the various reporting and confidential disclosure options available to them. Ideally this information will inform individuals so they can make deliberate choices about where to turn should they experience gender-based harassment and/or sexual misconduct. Bentley encourages impacted parties to talk to someone identified in one or more of these groups. For more information on which employees serve in each of these capacities, please see Appendix E.

VII. Options for Assistance

Accommodations for Students with Disabilities: By federal law, a person with a disability is any person who: 1) has a physical or mental impairment; 2) has a record of such impairment; or 3) is regarded as having such an impairment, which substantially limits one or more major life activities such as self-care, walking, seeing, hearing, speaking, breathing, or learning. A student requesting an accommodation in regard to a Title IX investigation/adjudication process must follow the appropriate process for requesting an accommodation through the Office of Disability Services (located in Jennison Hall). Additionally, the Office of Disability Services can provide students with a comprehensive list of off-campus resources. The Office of Disability Services will make a determination regarding the request and notify the appropriate parties. Reasonable accommodations depend upon the nature and degree of severity of the documented disability. While the Americans with Disabilities Act of 1990 requires that priority consideration be given to the specific methods requested by the student, it does not imply that a particular accommodation must be granted if it is deemed not reasonable and other suitable techniques are available.

For more information regarding options for assistance, regarding both immediate and ongoing concerns, please see appendices A and B.

VIII. Defining and Recognizing Prohibited Conduct

Conduct that is prohibited and encompassed by this policy includes sexual harassment, sex and gender discrimination, sexual assault, rape, stalking, and relationship abuse (including domestic and dating violence). It is a violation of this policy to either commit these acts or attempt to commit them. These acts are also a violation of federal and state law (including Title IX, the Clery Act, and the Violence Against Women Act). These acts are prohibited in any sex or gender configuration (i.e., between the same or differing genders), regardless of sex and gender identity. Individuals found responsible for violating these policies will face sanctions that are commensurate with the severity of the policy violation, ranging from probation through expulsion. Acts of harassment or sex- and gender-based discrimination may vary in severity and include, but are not limited to, the following categories:

A. Sexual Assault
B. Sexual Exploitation
C. Sexual Harassment
D. Harassment Based on Sexual Orientation, Gender, or Gender Identity
E. Hostile Environment
F. Stalking
G. Relationship Abuse
H. Retaliation
I. Complicity

Bentley University’s Definition of Consent applies to all of these acts. Bentley University adheres to the following definition of consent:

- Consent is a clear, active, and affirmative permission to act. The person who initiates sexual activity is responsible for obtaining the other person’s consent for that activity each and every time. The existence of a dating relationship does not imply consent, and even once consent has been given, it can be withdrawn at any time.
Consent can never be assumed or implied. The absence of “No” or silence does not mean that consent has been given. Additionally, consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent is not present when coercion, manipulation, intimidation, or force is used. Coercion includes continued pressure after an individual has made it clear that they do not want to engage in the behavior. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

Consent is not present when an individual is incapacitated. An incapacitated individual is someone who cannot make rational, reasonable decisions because they lack the capacity to understand the “who, what, when, where, why, or how” of a sexual interaction. This includes a person whose incapacity results from mental disability, sleep, involuntary physical restraint, unconsciousness, or use of alcohol or other drugs. Incapacitation is a state beyond drunkenness or intoxication. A person is not necessarily incapacitated merely as a result of drinking or using drugs. The impact of alcohol and other drugs varies from person to person, and if there is any doubt as to the level or extent of the other person’s intoxication or impairment, the prudent course of action is to forgo or cease any sexual contact or activity.

In evaluating consent in cases of alleged incapacitation, the University asks two questions: 1) Did the person initiating sexual activity know that the other party was incapacitated?, and if not, 2) Should a sober, reasonable person in the same situation have known that the other party was incapacitated? If the answer to either of these questions is “Yes,” consent was absent and the conduct is likely a violation of this policy.

Consent is never present if an individual is under the legal age of consent (16 in the state of Massachusetts).

A. Sexual Assault

Sexual assault is a form of sexual misconduct that is a violation of University policy as well as federal and state statutes. The Commonwealth of Massachusetts defines sexual assault as “any sexual activity that is forced, coerced, or unwanted” and refers to the crimes of rape and indecent assault and battery. Bentley University adheres to the following definitions or rape and indecent assault and battery:

- Rape includes penetration (oral, anal, or vaginal) of any orifice with any object without effective consent.
- Indecent Assault and Battery includes non-consensual sexual contact without penetration.
- Incest (sexual activity between family members or close relatives).
- Statutory rape, which in Massachusetts is when a person has sexual intercourse with an individual under age 16.

The severity of the violation is the same whether the responding party is a stranger or known to the reporting party. All students, faculty, and staff should be aware that the University is prepared to respond to any incidents of sexual assault. Individuals found responsible for violating this policy will face sanctions that are commensurate with the severity of the violation, including University expulsion.

B. Sexual Exploitation

Sexual exploitation occurs when a person takes non-consensual, unjust, or abusive sexual advantage of another for their own advantage or benefit, or for the benefit or advantage of anyone other than the one being exploited. This behavior may not fall within the definition of non-consensual sexual contact/activity, or sexual harassment, but it is still a violation of policy.

There are many degrees and types of sexual exploitation including, but not limited to:
i. Photographing or Video/Audio Taping Sexual Contact or Activity
Photographing or taping someone (via audio or video) involved in sexual activity, or in a state of undress without their consent or knowledge constitutes prohibited sexual exploitation. Even if a person consented to the sexual activity or intercourse, photographing or taping someone without their knowledge goes beyond the boundaries of that consent.

ii. Disseminating Photographs or Video/Audio Tapes of Sexual Contact or Activity
The dissemination of photographs or video/audio of someone involved in sexual activity, or in a state of undress without their knowledge or consent constitutes a separate and additional act prohibited by this policy.

iii. Voyeurism
Voyeurism is the act of observing a person involved in sexual contact/activity, or in a state of undress without their knowledge or consent.

iv. Inducing Intoxication/Incapacitation for the Purpose of Sexual Activity
Offering drugs, alcohol, or other substances to a person with or without their knowledge with the intent to impair their ability to withhold consent or their ability to knowingly consent to sexual activity is a violation of this policy. This type of conduct constitutes sexual exploitation regardless of whether any sexual activity takes place.

C. Sexual Harassment
Bentley University adheres to the following definition of sexual harassment:

1. Unwanted sexual advances that may take the form of inappropriate sexual or suggestive comments, sounds or jokes; unsolicited touching or fondling; unwanted intercourse or assault;
2. Unwelcome requests for sexual favors; and/or
3. Other behavior of a sexual nature where:
   a. Submission to such conduct is made either explicitly or implicitly as a term or condition of an individual’s employment or participation in a university-sponsored educational program or activity. Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual (often referred to as quid pro quo harassment); or
   b. Such conduct has the purpose or effect of unreasonably interfering with an individual’s academic or work performance, as well as creating an intimidating or offensive educational, social, living, or working environment.

D. Harassment Based on Sexual Orientation, Gender, or Gender Identity
Harassment based on sexual orientation, gender, or gender identity is defined as derogatory comments, actions, or conduct that may include acts of verbal, nonverbal, cyber, or physical aggression, intimidation, or hostility, even if those acts do not involve conduct of a sexual nature. Such conduct is directed toward an individual by virtue of their actual or presumed sexual orientation, gender, or gender identity and:

1. Humiliates or intimidates an individual;
2. Impedes academic or work performance; and/or
3. Interferes with university life.

E. Hostile Environment
Hostile environment may be created by harassing conduct that is sufficiently severe, persistent, or pervasive, and objectively offensive. Such conduct denies, limits, or interferes with the ability to participate
in, or benefit from:
1. Educational programs, services, opportunities, or activities; or
2. Employment access, benefits, or opportunities.

F. Stalking
Stalking is a course of conduct directed at a specific person that is unwelcome and would cause a reasonable person to fear for their safety, fear for the safety of others, or suffer emotional distress.

Stalking can occur between strangers, individuals who know each other, or individuals who are or were previously in a relationship. Stalking behaviors may include unwanted following or watching, unwelcome gifts, or communications in person, in writing, or through the use of technology. It also includes accessing personal information to monitor a person’s activity. Individuals found responsible for violating this policy will face sanctions that are commensurate with the severity of the violation, including University expulsion.

G. Relationship Abuse
Relationship abuse can be physical, sexual, verbal, emotional, financial, or digital. It is unwanted and causes physical or emotional harm. At Bentley, relationship abuse encompasses dating violence and domestic violence and can involve current or former intimate partners, spouses, or dating relationships. Relationship violence occurs in both same-sex and opposite-sex relationships. All students, faculty, and staff should be aware that the university is prepared to respond to any incidents of relationship abuse. Individuals found responsible for violating this policy will face sanctions that are commensurate with the severity of the violation, including University expulsion.

Examples of relationship abuse include, but are not limited to:
- Physical abuse: hitting, slapping, shoving, grabbing, pinching, biting, hair pulling, or throwing objects at a person.
- Sexual abuse: attacks on sexual parts of the body, forcing sex after physical violence, treating one in a sexually demeaning manner, coercing or attempting to coerce any sexual contact or behavior without consent, or marital rape.
- Psychological or emotional abuse: a pattern of behavior undermining a person’s sense of self-worth or self-esteem, constant criticism, possessiveness, damaging possessions, threats, intimidation, diminishing a person’s abilities, name-calling, public humiliation, and damaging a person’s relationship with their friends or family.
- Financial abuse: Taking money from or prohibiting access to bank accounts.
- Digital abuse: Controlling social media accounts, or harassment through social media or other forms of technology.

H. Retaliation
Retaliation occurs when an adverse action is taken against an individual for raising concerns about conduct which is prohibited by law or policy. All members of the Bentley community have the right to raise concerns or file a complaint through the student conduct system without fear of retaliation. Additionally, it is both unlawful and a violation of University policy to retaliate against an individual for filing a report of sexual misconduct or gender-based discrimination. Retaliation is also prohibited against anyone who participates in an investigation of sexual misconduct or gender-based discrimination. Examples of retaliation can include hostility, intimidation, threats, exclusion, or discrimination. Individuals found responsible for violating this policy will face sanctions that are commensurate with the severity of the violation, including University expulsion.

I. Complicity
Complicity is any act taken with the purpose of aiding, facilitating, promoting, or encouraging the commission of an act of prohibited conduct by another person.

IX. ADDITIONAL PROVISIONS, DEFINITIONS, AND CLARIFICATIONS

Leniency: Students may be concerned about reporting sexual misconduct believing that their own behavior might subject them to disciplinary action (e.g., a reporting party or witness is underage and was using alcohol or drugs at the time of the incident). Witnesses and reporting parties should be assured that the focus in matters of sexual misconduct is always on the reported behavior, not on whether someone was, for example, using alcohol or drugs at the time. Individuals are encouraged to come forward and report such conduct regardless of the surrounding circumstances. This is also in keeping with Bentley’s medical amnesty and medical assistance policies.

In situations involving allegations of sexual misconduct, Bentley University will seek to make the sexual misconduct allegation the primary focus of any investigation or disciplinary action. In such circumstances, the University will exercise leniency regarding secondary conduct violations (e.g. underage drinking) and those issues will not be subjected to adjudication. It should be noted that the use of alcohol or drugs does not excuse sexual misconduct and a person who has been incapacitated through the use of alcohol or drugs (or by any other means) cannot give effective consent to sexual activity.

Privacy: Because breaches of privacy compromise the ability of the University to investigate and resolve claims of prohibited harassment and discrimination, the Title IX Coordinators will attempt to protect the privacy of harassment and discrimination proceedings to the extent reasonably possible.

On campus, complete confidentiality can only be guaranteed when a concern is shared with staff in the Health Center, the Counseling Center, and Spiritual Life Staff, and when the concern does not involve a continuing threat of serious harm to self or others.

A list of confidential resources on and off campus is available in Appendix E. The University is obligated to investigate all allegations that may constitute harassment or discrimination. Any person seeking information or guidance concerning potential harassment or discrimination should be advised that the University may need to take action once informed of an allegation whether or not the person wants to pursue a complaint.

Academic Freedom and Harassment: Bentley University is committed to principles of free speech and upholding the tradition of academic freedom. This policy is not intended to restrict teaching methods or freedom of expression, nor will it be permitted to do so. Harassment or discrimination prohibited by this policy is not a proper exercise of academic freedom.

Use of Alcohol or Drugs: A person who has consumed alcohol and/or drugs still has a responsibility to obtain ongoing consent for any sexual activity with another person. The use of alcohol or other drugs by the person initiating sexual activity will never be accepted as excuse for failing to obtain consent. Please see Bentley’s definition of Consent, in section VIII of this document, for more information.

Preserving Evidence: All parties involved in a Gender-based Harassment and Discrimination matter should preserve as much evidence as possible. In addition to any physical evidence that may be preserved, the following may also be helpful to an investigation and adjudication process:

- Any letters,
- Notes,
- Emails,
- Phone calls,
- Videos,
- Photos,
- Texts,
- Social media postings (Facebook, Instagram, Twitter etc),
- Computer screenshots,
- Voicemails, or any other form of evidence that may be helpful.

**Reporting Party:** An individual bringing forth a report that they have experienced one or more acts of sexual misconduct described in this policy.

**Responding Party:** An individual who is alleged to have carried out one or more of the prohibited acts defined in this policy.

### X. REPORTING AN INCIDENT

Individuals (including third parties) may choose to seek action or assistance both on campus as well as through the surrounding community. Additional or interim measures may be provided to remedy the impact of the alleged misconduct as well as an investigation and adjudication process. The following situations are example of reasons why you might choose to report an incident of misconduct:

- To seek formal action against someone, such as removing them from a class or campus
- To educate the person about their behavior through use of the University’s processes and procedures
- To make Bentley aware of the behavior in case it is part of a larger pattern
- To help prevent similar incidents happening again in the future
- To confront the individual and make your voice heard about how you feel about what happened
- To receive assistance in changing classes or other on campus arrangements
- To receive support in coping with an incident

### Reporting Confidentially

If you are seeking support but want to maintain confidentiality, the best on campus resources for you include the Health Center, staff in the Counseling Center, the Spiritual Life staff. All of these resources are included in the cost of attendance for students, and the clinicians in the Health Center and Counseling Center staff can be seen on an emergency basis. The off campus resources listed in Appendix E are also confidential resources. You may consider a confidential option if you:

- Would like to know about support and assistance but are not sure if you want to pursue formal action against the individual;
- Have questions or would like to process what happened with someone without involving police or Title IX procedures; and/or
- Do not want the responding party (i.e., alleged violator) to know that you are seeking help or support

**NOTE:** Please be aware that confidential resources have some obligations to report, notably when the individual is in imminent danger or posing an imminent danger to others. There are also obligations to report situations involving the abuse of a minor.

### Informal Resolution

Individuals may seek an informal resolution in place of a formal report and investigation. The University, however, has the discretion to determine whether the nature of the reported conduct is appropriate for an informal resolution, to determine the type of informal resolution that may be appropriate in a specific case, and to refer a report for formal investigation at any time.

Participation in an informal resolution process is voluntary and requires written consent from all involved parties. The University will not compel a reporting or responding party to engage in an informal resolution, will not compel a reporting party to directly confront the responding party, and will allow a reporting or responding party to withdraw from the informal resolution process at any time. The University may decline the request for informal resolution in any particular case and
may terminate an ongoing informal resolution process at any time. Pursuing an informal resolution does not preclude later use of a formal investigation if the informal resolution fails to achieve a resolution acceptable to the parties and the University. When the reporting or the responding parties withdraws from an informal resolution process, or when an informal resolution is otherwise terminated for any reason, any statements or disclosures made by the parties during the course of the informal resolution may be considered in a subsequent formal investigation.

With any informal resolution, each party has the right to choose and consult with a support person. The support person may be any person, including an attorney, who is not otherwise a party or witness to the reported incident(s). The parties may be accompanied by their respective support persons at any meeting or proceeding held as part of the informal resolution. While the support persons may provide support and advice to the parties at any meeting and/or proceeding, they may not speak on behalf of the parties or otherwise participate in, or in any manner disrupt, such meetings and/or proceedings.

Informal resolutions may include:

- Resolution with the Assistance of a Neutral Party: A reporting party may seek assistance in informally resolving a report of prohibited conduct from the Title IX Coordinator, who can arrange to have a trained, neutral party facilitate a meeting or meetings between the parties. The availability of this informal resolution is subject to the agreement of the Title IX Coordinator, the reporting party, and the responding party.

- Interventions and Remedies: Informal resolution agreements may involve a host of interventions and remedies, such as actions designed to maximize the reporting party's access to educational, extracurricular, and/or University employment activities; increased monitoring, supervision, and/or security at locations or activities where the prohibited conduct occurred or is likely to reoccur; targeted or broad-based educational programming or training for relevant individuals or groups; academic and/or University housing modifications for involved parties; workplace modifications; and/or any other remedial or protective measures that can be tailored to the involved individuals to achieve the goals of the Policy.

Any form of informal resolution and any combination of interventions and remedies may be utilized. If an agreement acceptable to the University, the reporting party, and the responding party is reached through an informal resolution process, the terms of the agreement are implemented and the matter is resolved and closed. If an agreement is not reached, and the Title IX Coordinator determines that further action is necessary, or if a responding party fails to comply with the terms of the informal resolution, the matter may be referred for a formal investigation. The Title IX Coordinator will maintain records of all reports and conduct referred for informal resolutions. A reporting party and responding parties should also know that the reporting party has option to bring criminal or civil actions against the responding party.

Formal Reporting Options

Bentley University encourages all students, faculty, and staff to file a formal report of an incident to designated campus officials. A list of all responsible employees (those designated officials who have a duty to report incidents of misconduct to the Title IX Coordinator) can be found in Appendix E of this policy. Reporting to any of these individuals is considered an official notice to the institution. After you file a report, you should expect the institution to investigate and properly resolve the incident through administrative procedures. Information disclosed in a formal report will be shared only with individuals who need to know of the incident, including the incident investigator, responding party, witness(es), and Title IX coordinators.

Please note that separate protocols exist for criminal reports. If you would like to file a criminal report, please contact University Police at 781-891-2201. Please note: University Police will meet with members outside of the Bentley Police station if requested.

**Please be aware that if you file a formal report, your name and the relevant reported information will be disclosed and will appear in the investigation report. This also means that the case may proceed to a Title IX Panel Conference.**
You may consider filing a report if you:

- Would like formal action taken. Formal action can include assistance in: obtaining a restraining order or University “No Contact” order, filing criminal charges, or conduct or employment action for the responding party if they are found responsible for violating university policy.
- Would like the University to be aware of the situation in case it happens again.

For more information on the Title IX and Gender-Based Discrimination procedures (including investigations and hearings), please contact the Title IX Coordinator or Deputy Title IX Coordinators. You can also review the full policy and appendices here.

**Disclosing to Responders on Campus**

You may seek advice from other employees on campus after an incident occurs. These responders, including most faculty and staff, are encouraged to call the Title IX coordinator when an incident of sexual violence or misconduct is reported to them, especially if there is cause for fear of a person’s safety. *If you are unsure of someone’s duties and ability to maintain your privacy, ask them before you talk with them.*

Please note that responders may choose to share your personally identifiable information if it will help to best support you. If information about your identity is shared, it will only be as necessary and with as few people as possible. All efforts will be made to protect your privacy. You may consider speaking to these responders if you:

- Have more general questions about the policies and procedures
- Are seeking support in accessing confidential resources or reporting options

**XI. INVESTIGATION AND ADJUDICATION PROCEDURES AND PROTOCOLS**

For information regarding investigation and adjudication procedures and protocols for reports involving students, please see Appendix C of this policy. For procedures and protocols for reports involving only faculty and staff, please see appendix D of this policy.

**XII. PREVENTION AND EDUCATION**

Bentley University prides itself in being a leader in providing ongoing educational programs and initiatives for its community related to sex/gender-based discrimination. Examples of these educational efforts include:

- HAVEN (a mandatory online training that educates and raises awareness regarding sexual assault for both undergraduate and graduate students)
- AlcoholEdu (a mandatory online training that inspires students to reflect on and consider changing their drinking behaviors)
- Consent Day
- White Ribbon Campaign
- Walk a Mile in Her Shoes
- Guess the Straight Person
- Bystander trainings
- One Love Foundation’s Escalation workshop
- Hook up culture panels
- Ally trainings
- Documentaries and guest speakers
XIII. TRAININGS FOR FACULTY AND STAFF

At a minimum, all responsible and confidential employees will receive annual training facilitated by the Title IX staff. The Title IX Panel for student incidents will receive annual trainings, as well. Trainings will occur throughout the year, and you are encouraged to contact the Title IX Coordinator for a complete list of the trainings that have occurred to date, or to inquire about a training for your office or group.

XIV. APPENDICES

There are several appendices to this policy which can be found on our [WEBSITE].

These appendices include:

Appendix A: Resources for Reporting Parties
Appendix B: Resources for Responding Parties
Appendix C: Investigation and Adjudication Procedures for Incidents Involving Students
Appendix D: Investigation and Adjudication Procedures for Employee-to-Employee Matters
Appendix E: Types of Employees at Bentley University
LIVING ON CAMPUS

Living on campus has many benefits. Among these is the opportunity to live in close proximity to other students and engage in the social and academic interactions that such proximity allows. Those interactions should always take place with the understanding that individual and group behaviors should not have a negative impact on the greater Waltham or campus communities; we all need to be well mannered and considerate neighbors.

ROOM/SUITE/APARTMENT VISITOR CAPACITY

Bentley University recognizes that students may want to have visitors or guests gather in their room, suite or apartment. Due to space and safety concerns, the number of non-residents allowed in each dwelling is limited to 10 visitors per room in the halls, 20 visitors per suite in suite-style buildings and 30 visitors per apartment in apartment buildings.

Note that courtesy and quiet hours policies remain in effect. If it is determined that a room, suite or apartment is causing excessive noise or disruption, or other policy violations are occurring, staff may require guests to leave the space.

APPLIANCES

All cooking appliances, except microwave ovens, are prohibited from residence hall rooms. This includes hotplates, hotpots, toaster ovens, rice cookers and any other appliances. Space heaters are not allowed. Offenders may face fines and other disciplinary sanctions.

DISPOSAL OF SHARP MEDICAL WASTE

To ensure the safety of all students in our residence halls as well as all university staff, residents who use any kind of sharp medical supplies (hypodermic needles, lancets, infusion needles, etc.) are required to dispose of them in an approved “sharps” container.

Students who use sharp medical supplies are expected to adhere to the following protocol:

- Obtain an approved sharps container from the Bentley University Health Center (free of charge) during regular business hours. The Health Center is located in Rhodes Hall.
- All sharp medical waste (used or not) should be placed in this container. This container can be stored in the resident’s room.
- When the container is full or once the contents rise to the full level marker on the container, it should be returned to the Health Center who will properly dispose of the container and issue a new one (also free of charge).

It is imperative that students do not dispose of sharp medical supplies in regular trash or recycling containers within the residence halls (or elsewhere on campus). It is also imperative that students do not flush used needles or other sharp medical supplies down the toilet or place in glass containers. This behavior exposes members of the community to a potential health hazard.

Failure to comply with the proper dispose of sharp medical waste may result in disciplinary action against the individual.

POLICY ON THE USE OF DRONES AND UAVS ON CAMPUS

The operation of a drone or UAV (unmanned aerial vehicle) over Bentley property is prohibited in the absence of approval by the Bentley University Chief of Police. In order to obtain approval for the operation of a drone or UAV over Bentley property, the operator must file an application with the Chief of Police at least 48 hours prior to the planned operation. The application forms may be obtained at the Police Department. For more information on this
policy, please visit the **CAMPUS SAFETY WEBSITE**.

**PROPERTY VIOLATIONS**
Violations of university property encompass violations of policies that are destructive or detrimental to the physical environment of the campus.

**SCREEN/WINDOW POLICY**
Residents will be assessed a fine for every unauthorized screen removal. Residents who are having problems with their screens are responsible for reporting the issue immediately to a residential staff member or via the work order system. Throwing or dropping objects out of the windows will result in a conduct violation and subsequent conduct hearing. Using windows as entrances or exits to residence halls is strictly prohibited and will result in action within the **CONDUCT SYSTEM**.

Riser restrictors are installed in windows on ground floor units for student safety. Tampering with riser restrictor’s compromises student safety.

**CONDITIONS OF COMMON AREAS**
If damages occur to common areas within buildings (hallways, bathrooms, stairwells, lobbies, lounges, laundry rooms, basements, elevators), and responsibility cannot be ascertained, the damage charge can be assessed equally among the residents in the floor/building. For the purpose of community billing, common area damages are defined as trash, vandalism (broken exit signs, broken glass, broken windows, damaged ceiling tiles, etc.), bodily fluids, fire extinguisher discharge, and furniture removal. Residents or the guest(s) of residents who damage community areas of a residence hall are strongly encouraged to accept responsibility.

Damages may result in fines being assessed directly to the students’ account for labor, repair or replacement cost. Students will be informed upon discovery of community damage or vandalism. The residents of the area in question will be informed of the community billing process.

**PETS**
No pets are allowed in residential buildings, except for fish in tanks no larger than 10 gallons. Those found with unauthorized pets are subject to fines, conduct action, and cleaning costs. Service and Therapy animals living in the residence halls are not considered “pets” and any questions regarding such animals should be referred to the Residential Center and/or Disability Services.
RESIDENTIAL CENTER POLICIES

GENERAL INFORMATION ABOUT HOUSING

Only Bentley students who carry a full course load (12 or more credits) are eligible for housing. The housing contract is for this academic year only. Students whose association with Bentley has been terminated or who are no longer functioning as students are not permitted to return to university housing.

The university reserves the right to enter any room or apartment to inspect and/or perform maintenance of the physical plant and to handle emergencies that threaten the safety of residents (including but not limited to smoke, fire, flooding, life-threatening illness or possible criminal activity). Staff members respect the privacy of student rooms, but will respond and take appropriate action when students create a disturbance or nuisance or when there is a clear and present danger.

CLOSING DATES AND INFORMATION

The University is not in session during official vacation periods; therefore students must vacate all rooms during winter break. Students may remain in housing over Thanksgiving and spring break, but the dining halls are not open. All students must vacate their rooms or apartments within 24 hours of their last final exam or by the closing date listed in the housing contract for fall and spring, whichever comes first. Students who do not vacate their rooms by the closing time and day may be assessed $100 and face conduct action. The university is not responsible for personal property left behind after the move-out date and time. Everything left behind is disposed of immediately after the move-out date. Please remember to take all your belongings with you when you move out.

ROOM CHANGE PROCESS

The Residential Staff is available to assist residents with any problems they may be encountering. Requests for room changes may occur throughout the year for many reasons (desire for a new community, unresolved roommate conflicts, etc.). The Residential Center staff is available to assist residents in the room change process after alternative options have been discussed.

STUDENT-INITIATED ROOM/BUILDING CHANGES

After the initial census of the building is completed (the first two weeks of each semester), students may request to change their room and/or building assignment provided that space is available and the proper procedures have been followed. Students experiencing roommate problems should speak with their Resident Assistant and Residence Director. Unauthorized room changes may result in financial adjustment and/or disciplinary action.

UNIVERSITY-INITIATED ROOM/BUILDING CHANGES

The university reserves the right to change room assignments at its discretion. In order to achieve full utilization of facilities, the Residential Center reserves the right to assign and change student room assignments at its discretion, to assign anyone on a temporary basis to vacancies and to consolidate vacancies. Students who refuse to accommodate the university in its attempts to make best use of vacant space will have disciplinary action through the CONDUCT SYSTEM.

HOUSING REFUNDS

Due to the high fixed costs of operating and maintaining the residence halls, room charges are made for the entire academic year (although payable by semester). Charges are not refunded when a student withdraws from housing.
WITHDRAWAL FROM HOUSING
If a student believes they have an extenuating circumstance they may request permission to terminate the housing contract by completing and submitting the appropriate Contract Release Form. Information about this form is available on the Residential Center website. Contract releases are not granted often. Please note this is a request and a committee of University representatives will review all requests. A member of the Residential Center will inform you of the committee’s decision via e-mail to your Bentley University email account.

Please Note: The student remains financially responsible for all housing and meal plan charges until the petitioning process is completed and approved.

POLICIES ON ROOM OCCUPANCY
The Residential Center has been charged with the responsibility of maintaining 100% occupancy of the residential facilities. The Residential Center will make every effort to notify current residents of a room change.

UNWELCOMING ENVIRONMENT
If you are found to be creating an unwelcoming environment to someone who is currently living in a space or moving into a space, or if a student is unable to move into a vacant space due to the environment you have created, you will be held responsible through the CONDUCT SYSTEM.

UNAUTHORIZED RESIDENTS
Only people who have a current housing contract are permitted to reside in university housing. If anyone is found living in university housing not permitted by Residential Center staff, they, along with the residents who have permitted them to stay in their room/apartment, will be subject to action up to and including fines, removal from the university, and payment of the full cost of the space.

FURNITURE AND PAINTING
University furniture may not be removed from any student accommodations. The university will not remove or store any Bentley-issued furniture. Lofts are not allowed unless provided by the university. University furniture may not be used outdoors. For fire safety purposes, any furniture brought into the residence hall must comply with California flammability standards. Due to the high potential for damage to university and student property, waterbeds are prohibited. Residents may not paint their room, suite, or apartment.

COMBINATION CHANGES
Most rooms and apartments have combination locks instead of keyed doors. When a student receives the combination to their living unit, they should keep it confidential. Students will be charged for a combination change, unless the change is necessary for administrative reasons (e.g., room changes, withdrawals or security incidents).

LOCKING OF RESIDENTIAL BUILDINGS
To provide security for residents, all exterior doors of residential buildings are locked 24 hours a day. Access to the buildings is gained by resident student ID cards. Students can assist in increasing the security of their buildings by not propping open the exterior doors, not letting other people in and not pulling a door to try to force it open. Violators of any of these security precautions will be referred to the CONDUCT SYSTEM. Students should immediately contact University Police or the Residential Center staff if they see unauthorized people in the halls.
MAINTENANCE
The Residential Center acts as a liaison to the Facilities Management department in all matters related to the maintenance of residence halls. Students should submit an ONLINE SERVICE REQUEST through “Infor.” if their living area requires repair or maintenance work. This information is relayed to the Residential Center, which initiates and expedites a work request. If an emergency develops after normal business hours, contact University Police, through an RA if possible. The Residential Center maintains a continuous status check on requests and notifies the student if any problems arise in connection with the work.
STUDENT PROGRAMS AND ENGAGEMENT

GENERAL REGULATIONS REGARDING ALCOHOL AT EVENTS

- The Commonwealth of Massachusetts recognizes only a Massachusetts driver’s license as positive proof of age for individuals wishing to consume alcoholic beverages at university functions. For Bentley students who are non-Massachusetts residents, the only acceptable form of identification for proof of age is a valid driver’s license from the student’s place of permanent residence or a valid passport. University management reserves the right to deny service of alcohol or entrance to areas of alcohol service to anybody at any time.

- A Bentley identification card is required for admission to all campus events at which alcohol is served. All Bentley students are subject to verification by official registrar’s records. Any exceptions to the ID policy must be approved by the Dean of Student Affairs. Guests are admitted only if they are accompanied by their Bentley host. No more than one guest is admitted per host. Some events receive prior approval from Student Programs & Engagement to be open to non-Bentley students. Please note: Exceptions to this policy can be made by the Dean of Student Affairs in advance of the event. Out-of-state guests wishing to purchase alcoholic beverages who do not possess a Massachusetts driver’s license must produce positive proof of age and picture identification. University IDs will not be accepted as proof of age.

- TIPS trained staff check IDs to ensure that students and guests are 21+ upon entry.

- Obviously intoxicated individuals will not be served alcoholic beverages under any circumstances.

- Open Bar Policy: Bentley does not permit “open bars” on the campus at events sponsored by student organizations, on-campus groups, visiting conference groups or other special guests. Each cash-paying customer must be in compliance with university policies on alcohol consumption.

- Outdoor Event Policy: The use of alcohol at outdoor events is covered extensively below under REGULATIONS ON USE OF ALCOHOL IN PUBLIC AREAS and REGULATIONS IN USE OF ALCOHOL AT STUDENT-SPONSORED EVENTS.

Regulations on Use of Alcohol in Public Areas

Regardless of a person’s age, alcoholic beverages may not be consumed in any public area. Public areas are defined as all areas outside of residence hall rooms, suites and apartments and all university grounds except for licensed areas.

Regulations for Licensed Service of Alcohol at Events

The use of alcohol should not be the primary focus of any event. This attitude must be reflected in all aspects of program planning and implementation and specifically in the promotion of the event and the pricing of alcohol provided at the event (e.g., program promotion should not emphasize alcohol and prices may not be lowered to encourage drinking). The following points should be made regarding events.

- At functions where alcoholic beverages are available, sufficient food and nonalcoholic beverages must also be readily available during the entire event.

- No alcohol can be dispensed at outdoor programs unless (and only for exceptional cases) a liquor license is obtained for the event. Appropriate university personnel must dispense the alcoholic beverages at these events.

- Events where alcoholic beverages are available are required to have Student Programs & Engagement event staff and University Police officers on duty for the duration of the event to assist in monitoring the event. Waivers of this requirement may be granted by the department controlling the facility in which the event is held and University Police and are issued primarily for small functions.
The organization(s) or individual(s) sponsoring an event has responsibility for ensuring that the above regulations are followed. Should an organization or student fail to fulfill its obligation, action within the CONDUCT SYSTEM will result.

Student Responsibility

- After gaining admission to an event, individuals of legal drinking age (21 years of age and older) who wish to purchase and consume alcoholic beverages will be directed to a station where IDs will be checked and their age verified.
- This station will be staffed by Student Programs & Engagement event staff. At that station, the patrons must present a Bentley ID and one form of government-issued picture ID. IDs will be compared to a print-out of all duly registered Bentley students, which will be supplied by the Office of the Registrar, to verify the student’s birth date. This document will be considered to be the preeminent authority in regard to the student’s age. Any discrepancies between IDs and the printout will be resolved on the next regular business day during normal operating hours.
- Patrons of verified legal drinking age will have a colored plastic wristband affixed to their wrist by event staff. Only individuals wearing wristbands will be allowed to consume alcohol.
- Any server, staff member, event staff, student manager or University Police officer may request to see proper ID at anytime during an event.
- Alcoholic beverages are limited to one serving per purchase.
- Servers may deny service, at their sole discretion to any individual they consider to be intoxicated.
- Anyone not wearing the appropriate wristband found consuming alcoholic beverages at any event will be removed from the premises immediately and subject to disciplinary action. Sanctions are applicable to both minors and individuals of legal drinking age who have not gone through the proper procedure for procuring a wristband. Additional sanctions will be levied for uncooperative or abusive behavior.
- Whenever a person’s behavior is abusive or threatening or when a person fails to produce identification or leave the event when asked to do so, appropriate staff is summoned. If the individual remains uncooperative, university police officers will be called to handle the situation.
- Complete lists of those prohibited from entering events are kept at the door. Violations or attempted violations are referred to the Office of the Dean of Student Affairs.
- Purchasers and consumers of alcoholic beverages will not be physically separated from individuals not of legal drinking age, but both remain responsible for compliance with all policies on the consumption of alcohol.
