  - b. Business topics discussed the meeting must be documented in the **Business Topics** section.
  - c. The IRS requires the names of attendees in the business meal. If there are less than 6 people list their names and affiliation. Your name will automatically populate in the **Attendee(s)** field. Click on the three lines in this box and type the name of other Bentley employees that attended. Once you type their name, hit Enter and their name should populate as this list should hold the names of all employees.
  - d. If any of the attendees are not Bentley employees, you need to create guests (this will save their name in the system for future use). To do this select **Create Guest** in the **Recipient(s)** field and then fill in name, title and company. If these three attributes are not appropriate, fill in the name in the **Name** field and an appropriate description in the **Company** field (i.e. **Name**: Michael Smith, **Company**: Alumni Class of 1970), as those two fields are required.
  - e. If more than 6 people, state the group’s name in the **Recipient** field (i.e. Faculty Senate) and the number of people in attendance in the **Number of Persons** field. Create the group’s name by creating a new guest in the Recipient(s) field and filling in the name of the group in the **Name** field.

20. To include an agenda or additional documents, you may also use the Attachments section, located next to the Expense Report Lines tab. ( For agenda items only, not for receipt)

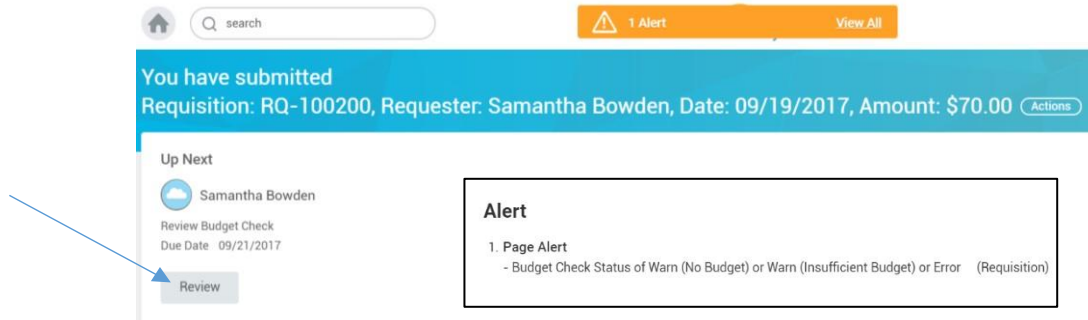

The screenshot shows the 'Attachments' section of the Expense Report interface. At the top, there are three tabs: 'Header', 'Attachments', and 'Expense Lines'. The 'Attachments' tab is selected and circled in red. Below the tabs is a large dashed box containing the text 'Drop files here' and 'or' above a 'Select files' button. At the bottom of the section, there are five buttons: 'Save', 'Cancel', 'Submit', 'Save for Later', and 'Close'. The 'Submit' button is highlighted in orange.

21. You can make changes to the Memo, Expense Report Date, Business Purpose and Reimbursement Payment Type at the Header tab. From the Header tab, click on **Edit** and proceed with the necessary changes and **Save**.

The screenshot shows the 'Create Expense Report' form, specifically the 'Header' tab. The title bar is blue and contains the text 'Create Expense Report' and 'EX07695 Business Meals' with an 'Actions' button. Below the title bar are three tabs: 'Header', 'Attachments', and 'Expense Lines'. The 'Header' tab is selected. The form fields are as follows: 'Expense Report Number' is 'EX07695'; 'Memo' is 'Business Meals'; 'Company' is 'Bentley University'; 'Expense Report Date' is '08 / 05 / 2019' with a calendar icon and a red asterisk; 'Business Purpose' is 'Business Meeting' with a close button and a menu icon; 'Reimbursement Payment Type' is 'Direct Deposit' with a close button and a menu icon and a red asterisk. At the bottom, there are 'Save' and 'Cancel' buttons.

22. Click **Submit** when you are done.

23. Workday will check for a sufficient budget to complete the purchase. If the budget check fails you will receive an alert. Click **Review** and **Submit** or **Deny**. Deny will delete the entire report, so we recommend to not use the Deny button.

24. If you forget to review your budget check, you must go back into your inbox and approve the budget check before the spend authorization is forwarded to the cost center manager.
25. The report is then sent to the cost center manager for approval and then if approved, it is available for settlement through Accounts Payable.
