

# COVID-19 Vaccination Exemption for Fully Remote Graduate Students

All Bentley University students are required to be vaccinated against COVID-19 before the start of the 2021-2022 academic year. An exception will be granted for fully remote students who *never* come to campus. Complete this form and upload it to the Bentley Health Portal in lieu of proof of vaccination.

|                   |               |
|-------------------|---------------|
| Name              |               |
| Bentley ID Number | Date of Birth |

I affirm and agree:

- I am a graduate student enrolled in a fully remote program of study.
- While enrolled at Bentley University I understand that I am a student, not a visitor, and subject to the student requirement to be vaccinated against COVID-19 if on campus.
- I will not come to the Bentley University campus during the 2021-2022 academic year.
- If I need to come to campus during the 2021-2022 academic year, I understand that I must submit proof of vaccination and receive confirmation that my vaccination records were verified (typically 1-week turn around time) before coming to campus.
