Everyone's situation is different and you may have additional questions. Please contact the following Human Resources staff with any additional questions you may have:

1. I want to retire from the University. How do I start the process?

First, contact Human Resources for an appointment regarding your benefits. We encourage that you arrange this meeting well in advance of your retirement date. Then, when you have decided on a retirement date, notify your Department Chair as soon as you are sure of your intention to retire. Resignations should be submitted in writing to your Department Chair with a copy to Human Resources.

2. When should I contact Social Security about my options?

Social Security recommends you contact your local office three to six months before your retirement. The toll free number is 1-800-772-1213 or via the web at www.ssa.gov.

3. What happens to my benefits?

Health Plans: If you are under age sixty-five (65) when you retire, you may continue participating in your current health plan through Bentley University. You will be required to make your contribution on a monthly basis. You will receive an enrollment packet which will be mailed to your home from Sentinel Benefits. After completion of the appropriate forms, you will receive a sheet of coupons from Sentinel Benefits. Upon age sixty-five (65), you are no longer eligible to continue on Bentley's regular group plan. Your primary insurer is Medicare. Once covered under Medicare parts A & B (contact your local Social Security Office), you may elect one of the supplemental retiree health plans offered to retirees over 65 through the University. You will be billed through Sentinel Benefits. Your spouse must pay the full cost of an individual health premium when you enroll in one of the supplemental plans.

Services can be incurred through 3/15 of the following year for both medical and dependent care expenses. Dependent care is not covered by COBRA and you can only be reimbursed up to the amount that you have contributed to the account. Claims must be submitted by March 31st following the end of the plan year.
