

## FactSet Core Certification

The Core Certification will teach you how to use FactSet's industry-leading tools to analyze multiple asset classes. Each component contains an eLearning and a quiz. Following the four components, a final exam must be successfully completed to earn the Core Certification.

Access the certification via the web at <https://learn.factset.com/>, or the @LRN shortcut if using the installed workstation.

- From the Learning Portal, type "FactSet Core Certification" into the Quick Search bar on the far right. Select FactSet Core Certification.

- Click the Register button so that your progress will be tracked.

### FactSet Core Certification

Part I: Navigating FactSet

Part II: Staying on Top of the Markets

Part III: Equities

Part IV: Fixed Income
