- [By using SWAP to update your course schedule](#)

When to use: Changing a section of a course or dropping & adding a new course.

OR

- [By using Schedule Planner](#)

When to use: Revisiting your schedule as a whole.

Using Bentley Find Course Sections

STEP 1

On the **Academics** screen, look for **Planning & Registration** in the right column and select **Bentley Find Course Sections**.

STEP 2

On the **Bentley Find Course Sections** screen, enter the **Start Date within** (i.e. Fall 202X), and select Undergraduate from the **Academic Level** dropdown menu. Then click OK.

A screenshot of the 'Bentley Find Course Sections' search form. It has a blue header with the title. Below the header, there are two search criteria: 'Start Date within' with a dropdown menu showing '202X Fall Semester' and 'Academic Level' with a dropdown menu showing 'Undergraduate'. Both dropdowns have a red asterisk and a close button (X). There are also expand/collapse icons (three horizontal lines) for each dropdown.

STEP 3

Filter the results on the left side to find your desired course(s); for example, **Open** under Section Status. You can also type the desired course subject and number in the search bar (i.e. EC 111).

A screenshot of the 'Bentley Find Course Sections' results page. On the left, there is a 'Section Status' filter with two options: 'Open (499)' (checked with a blue box) and 'Closed (340)'. On the right, there is a search bar with the text 'EC 111' entered. Above the search bar, there are filters for 'Start Date within' (2022 Fall Semester (09/05/2022-12/17/2022)) and 'Academic Level' (Undergrad). Below the search bar, there is a 'Saved Searches' link.

STEP 4

Click on the **course** information (number and title) to see **View Course Section**.
