

The 2019-20 FAFSA

There are two ways that students can apply for Federal Aid:

- Online at fafsa.ed.gov
- The myStudentAid mobile app
 - Students and parents may download the app in either the Apple App Store or Google Play

- Go to "myStudentAid"
- "Before You Start"

- Students and parents may begin, complete and submit a new or renewal FAFSA form for the 2019-20 FAFSA processing cycle.
- Customized screens based on user role (student, parent, or preparer)
- May use the IRS Data Retrieval Tool (IRS DRT) to transfer federal tax return information directly into the FAFSA

- Follow on-screen instructions based on role

- The login view requires an FSA ID to enter the app.

Create a Save Key

The screenshot shows the myFAFSA mobile app interface. At the top, the status bar displays signal strength, Wi-Fi, cellular service, 64% battery, and 12:50 PM. The app header includes the myFAFSA logo and a hamburger menu icon. Below the header, a dark bar contains the text 'Start the Student's 2018-2019 FAFSA' and a question mark icon. The main content area is titled 'Create a save key.' and includes a 'Form Approved' stamp with OMB No. 1845-0001 and an expiration date of 12/31/2019. The text explains that a save key is a temporary code for returning to the form and that parents and students share it. There are two input fields: 'Create a Save Key' and 'Re-enter the Save Key'. A green 'NEXT' button is located at the bottom of the screen.

- The user must create and re-enter their save key to begin their FAFSA within the mobile app.

- The user starts with Section 1 checklist
- Must complete all the sections before being able to submit it
- On the checklist, they can either select Next or select any of the blue or green sections.
